

Table Top and Worksurface Substrate Options

Updated: April 2009

SurfaceWorks® is a leader in environmental stewardship. We offer four categories of Particle Board substrate allowing you to tailor your projects to meet any specification.

Substrate Type	Green Properties	LEED-CI V2.0 Credit and Point Information
Standard Particleboard	<ul style="list-style-type: none"> ▪ 100% pre-consumer recycled wood fiber ▪ Meets California Air Resources Board (CARB) Regulation 93120.2, Phase 1 emissions limits 	<ul style="list-style-type: none"> ▪ MR Credit 4.1 Recycled Content, 10% (post consumer + ½ pre-consumer) - 1 Point ▪ MR Credit 4.2 Recycled Content, 20% (post consumer + ½ pre-consumer) - 1 Point
No Added Urea-Formaldehyde (NAUF) Particleboard	<ul style="list-style-type: none"> ▪ 100% pre-consumer recycled wood fiber ▪ Meets California Air Resources Board (CARB) Regulation 93120.2, Phase 1 emissions limits ▪ No added urea-formaldehyde (NAUF); SCS certified. ▪ Collaborative for High Performance Schools (CHPS) Section 01350 Compliant ▪ Environmentally Preferable Product (EPP) Certified by the Composite Panel Association 	<ul style="list-style-type: none"> ▪ MR Credit 4.1 Recycled Content, 10% (post consumer + ½ pre-consumer) - 1 Point ▪ MR Credit 4.2 Recycled Content, 20% (post consumer + ½ pre-consumer) - 1 Point ▪ IEQ Credit 4.4 Low-Emitting Materials, Composite Wood & Laminate Adhesives – 1 Point
Forest Stewardship Council (FSC) Certified Particleboard	<ul style="list-style-type: none"> ▪ 100% pre-consumer recycled wood fiber ▪ Meets California Air Resources Board (CARB) Regulation 93120.2, Phase 1 emissions limits ▪ Forest Stewardship Council (FSC) Certified; mixed credit. 	<ul style="list-style-type: none"> ▪ MR Credit 4.1 Recycled Content, 10% (post consumer + ½ pre-consumer) - 1 Point ▪ MR Credit 4.2 Recycled Content, 20% (post consumer + ½ pre-consumer) - 1 Point ▪ MR Credit 7 Certified Wood 50% of wood products to be FSC certified - 1 Point
No Added Urea-Formaldehyde (NAUF), Forest Stewardship Council (FSC) Certified Particleboard	<ul style="list-style-type: none"> ▪ 100% pre-consumer recycled wood fiber ▪ Meets California Air Resources Board (CARB) Regulation 93120.2, Phase 1 emissions limits ▪ No added urea-formaldehyde (NAUF); SCS certified. ▪ Collaborative for High Performance Schools (CHPS) Section 01350 Compliant ▪ Environmentally Preferable Product (EPP) Certified by the Composite Panel Association ▪ Forest Stewardship Council (FSC) Certified; mixed credit. 	<ul style="list-style-type: none"> ▪ MR Credit 4.1 Recycled Content, 10% (post consumer + ½ pre-consumer) - 1 Point ▪ Credit MR4.2 Recycled Content, 20% (post consumer + ½ pre-consumer) - 1 Point ▪ MR Credit 7 Certified Wood 50% of wood products to be FSC certified - 1 Point ▪ IEQ Credit 4.4 Low-Emitting Materials, Composite Wood & Laminate Adhesives – 1 Point

SurfaceWorks® products made with GreenWorks™ materials can potentially contribute to achieving Leadership in Energy and Environmental Design (LEED™) credits. For information regarding LEED™ see www.usgbc.org.
