ORIGINAL LINES PRICE LIST

NOVEMBER 2019

GSA CONTRACT #GS-27F-0051W
SIN 33721 Office Furniture

CATALOG AT LIST PRICES - GSA DISCOUNTING APPLIES

Pricelist Updates

November 2019 Original Lines* List Pricing, version 1.0 (in effect November 1, 2019)

PRICING

General adjustments to all pricing

PRODUCT ADDITIONS

Ellora® Anodized Aluminum Power/Data Unit
Node® Power/Data Unit
Eclipse® Power/Data Unit
Freedom® T-Leg Electric Height Adjustable Training Tables (reinstated)
Freedom® T-Leg Crank Height Adjustable Training Tables (reinstated)
Rapport® Training Tables - expanded leg colors
Rapport® Basic Meeting Tables - expanded base colors

PRODUCT DELETIONS

Stretch-Out™ Height Adjustable Workstation
T7 Vinyl Edge
Rolo Wire manager
Marina® HDMI Video Switch Kit
Economy Flat Panel Monitor Arm
MHO2 Power/Data Unit

CONTENT REVISIONS

Power/data placement guides added for Conference, Training, Media Tables, & Workstations
Grommet placement guide added for Workstations

PRODUCT CONFIGURATION REVISIONS

General adjustments to product configurations, i.e. size/shape/edge offerings

GS-27F-0051W, SIN 33721

Basic Model | Edge

TOP SURFACE FINISH

Groups 1 & 2 Laminate standard
Group 4 Laminate see upcharge columns above
Group 5 Linoleum see upcharge column above
Other Laminate or Material call for a quote

Please visit www.surfaceworks.us to view current top surface finish options.

EDGE FINISH

Please visit www.surfaceworks.us to view current edge finish options.

BASE FINISH

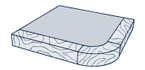
300 Black
348 Designer White
378 Sand
354 HM Medium Tone
387 HM Innertone Light
406 Black Wrinkle
431 Metallic Silver

OPTIONS & ACCESSORIES

Horizontal Universal Wire Raceway +64
Two-Piece Top w/ Field Joint Hardware +377
(Length ≤144" or diameter ≤ 72")

For all options & accessories, including ordering instructions, please visit the Options & Accessories pages at the end of the Conference Tables section.

♦Radius Corner Wood Edge
+324 per table



Add "R" to edge model
Example: WC6R

Available in select wood edges only; see edge models marked with "♦" above.

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

Basic Model + Edge

Example:
CNJ.K.60144.WD2
Basic Model | Edge

TOP SURFACE FINISH

Groups 1 & 2 Laminate standard
Group 4 Laminate see upcharge columns above
Group 5 Linoleum see upcharge column above
Other Laminate or Material call for a quote

Please visit www.surfaceworks.us to view current top surface finish options.

BASE FINISH

300 Black	default
Group 1 or 2 laminate	standard
Other laminate/material	call for quote

EDGE FINISH

Please visit www.surfaceworks.us to view current edge finish options.

*Tables over 144" are shipped in two pieces including field joint hardware.
Please note alignment of grained laminate cannot be guaranteed.

OPTIONS & ACCESSORIES

Horizontal Universal Wire Raceway	+64
Z-Flex Wire Manager	+118
Two-Piece Top w/ Field Joint Hardware	+450
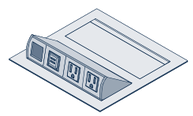
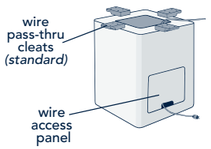
Length ≤144" or diameter ≤ 72"	
May require additional base	

For all options & accessories, including ordering instructions, please visit the Options & Accessories pages at the end of the Conference Tables section.

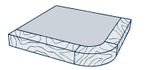
M2X® Power/Data Unit
4 power, 1 USB,
3 open data, 120" cord
+1278 (each, installed)



Wire Access Panel
+349 per base



♦Radius Corner Wood Edge
+324 per table



Add "R" to edge model
Example: WC6R

Available in select wood edges only; see edge models marked with "♦" above.

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

Seated Height - 29"

MODEL NUMBER

Basic Model + Edge

Example:
CNO.K.60144.MT6
Basic Model | Edge

TOP SURFACE FINISH

Groups 1 & 2 Laminate standard
Group 4 Laminate see upcharge columns above
Group 5 Linoleum see upcharge column above
Other Laminate or Material call for a quote

Please visit www.surfaceworks.us to view current top surface finish options.

EDGE FINISH

Please visit www.surfaceworks.us to view current edge finish options.

BASE FINISH

300 Black	default
Group 1 or 2 laminate	standard
Other laminate/material	call for quote

*Tables over 144" are shipped in two pieces including field joint hardware. Please note alignment of grained laminate cannot be guaranteed.

OPTIONS & ACCESSORIES

Horizontal Universal Wire Raceway	+64
Z-Flex Wire Manager	+118
Two-Piece Top w/ Field Joint Hardware	+450
Length ≤144" or diameter ≤ 72"	
May require additional base	

For all options & accessories, including ordering instructions, please visit the Options & Accessories pages at the end of the Conference Tables section.

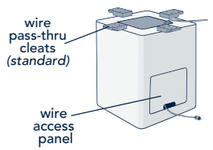
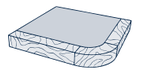
Wire Access Panel
+349 per base



♦Radius Corner Wood Edge
+324 per table



Add "R" to edge model
Example: WC6R

Available in select wood edges only; see edge models marked with "♦" above.

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

MODEL NUMBER

Basic Model + Edge

Example:
CNO.K.60144.MT6
Basic Model | Edge

TOP SURFACE FINISH

Groups 1 & 2 Laminate standard
Group 4 Laminate see upcharge columns above
Group 5 Linoleum see upcharge column above
Other Laminate or Material call for a quote

Please visit www.surfaceworks.us to view current top surface finish options.

EDGE FINISH

Please visit www.surfaceworks.us to view current edge finish options.

BASE FINISH

300 Black	default
Group 1 or 2 laminate	standard
Other laminate/material	call for quote

*Tables over 144" are shipped in two pieces including field joint hardware. Please note alignment of grained laminate cannot be guaranteed.

OPTIONS & ACCESSORIES

Horizontal Universal Wire Raceway	+64
Z-Flex Wire Manager	+118
Two-Piece Top w/ Field Joint Hardware	+450
Length ≤144" or diameter ≤ 72"	
May require additional base	

For all options & accessories, including ordering instructions, please visit the Options & Accessories pages at the end of the Conference Tables section.

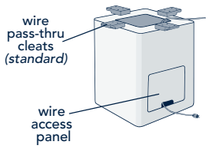
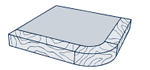
Wire Access Panel
+349 per base



♦Radius Corner Wood Edge
+324 per table



Add "R" to edge model
Example: WC6R

Available in select wood edges only; see edge models marked with "♦" above.

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

MODEL NUMBER

Basic Model + Edge

Example:
CNP.K.4896.WC5D
Basic Model | Edge

TOP SURFACE FINISH

Groups 1 & 2 Laminate standard
Group 4 Laminate see upcharge columns above
Group 5 Linoleum see upcharge column above
Other Laminate or Material call for a quote

Please visit www.surfaceworks.us to view current top surface finish options.

EDGE FINISH

Please visit www.surfaceworks.us to view current edge finish options.

BASE FINISH

Laminate - same as top default
300 Black Laminate standard
Contrasting Group 1 or 2 laminate standard
Other laminate or material call for quote

Note: Stretchers are finished in black melamine

*Tables over 144" are shipped in two pieces including field joint hardware. Please note alignment of grained laminate cannot be guaranteed.

OPTIONS & ACCESSORIES

Horizontal Universal Wire Raceway +64
Z-Flex Wire Manager +118
Two-Piece Top w/ Field Joint Hardware +450
Length ≤144" or diameter ≤ 72"
May require additional base

For all options & accessories, including ordering instructions, please visit the Options & Accessories pages at the end of the Conference Tables section.

Race Panel Base
Wire Manager
+232 per base

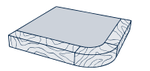
♦Radius Corner Wood Edge
+324 per table



Add "R" to edge model
Example: WC6R

Available in select wood edges only; see edge models marked with "♦" above.

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

Two-Piece Top w/ Field Joint Hardware +450
Length ≤144" or diameter ≤ 72"
May require additional base

For all options & accessories, including ordering instructions, please visit the Options & Accessories pages at the end of the Conference Tables section.

Race Panel Base
Wire Manager
+232 per base

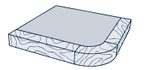
♦Radius Corner Wood Edge
+324 per table



Add "R" to edge model
Example: WC6R

Available in select wood edges only; see edge models marked with "♦" above.

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

*Tables over 144" are shipped in two pieces including field joint hardware.
Please note alignment of grained laminate cannot be guaranteed.

GS-27F-0051W, SIN 33721
Products denoted as "OPEN MARKET" qualify for GSA discounting. Contact SurfaceWorks for more information.

CONFERENCE TABLES

Panel Base

Seated Height - 29"

MODEL NUMBER

Basic Model + Edge

Example:

CNP.K.4896.WC5D

Basic Model | Edge

TOP SURFACE FINISH

Groups 1 & 2 Laminate standard
Group 4 Laminate see upcharge columns above
Group 5 Linoleum see upcharge column above
Other Laminate or Material call for a quote

Please visit www.surfaceworks.us to view current top surface finish options.

EDGE FINISH

Please visit www.surfaceworks.us to view current edge finish options.

BASE FINISH

Laminate - same as top default
300 Black Laminate standard
Contrasting Group 1 or 2 laminate standard
Other laminate or material call for quote

Note: Stretchers are finished in black melamine

OPTIONS & ACCESSORIES

Horizontal Universal Wire Raceway +64
Z-Flex Wire Manager +118
Two-Piece Top w/ Field Joint Hardware +450
Length ≤144" or diameter ≤ 72"
May require additional base

For all options & accessories, including ordering instructions, please visit the Options & Accessories pages at the end of the Conference Tables section.

Race Panel Base Wire Manager
+232 per base

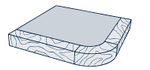
♦Radius Corner Wood Edge
+324 per table



Add "R" to edge model
Example: WC6R

Available in select wood edges only; see edge models marked with "♦" above.

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

*Tables over 144" are shipped in two pieces including field joint hardware.
Please note alignment of grained laminate cannot be guaranteed.

GS-27F-0051W, SIN 33721
Products denoted as "OPEN MARKET" qualify for GSA discounting. Contact SurfaceWorks for more information.

MODEL NUMBER

Basic Model + Edge

Example:
CNR.BV.60288.MT1
Basic Model | Edge

TOP SURFACE FINISH

Groups 1 & 2 Laminate standard
Group 4 Laminate see upcharge columns above
Group 5 Linoleum see upcharge column above
Other Laminate or Material call for a quote

Please visit www.surfaceworks.us to view current top surface finish options.

EDGE FINISH

Please visit www.surfaceworks.us to view current edge finish options.

BASE FINISH

Panel Color
Laminate - same as top default
300 Black laminate standard
Contrasting group 1 or 2 laminate standard
Other laminate or material call for quote

Wood Plinth Finish
Finished to match wood edge default
Other standard wood finish please specify

Note: Stretchers are finished in black melamine

*Tables over 144" are shipped in two pieces including field joint hardware.
Please note alignment of grained laminate cannot be guaranteed.

OPTIONS & ACCESSORIES

Horizontal Universal Wire Raceway +64
Z-Flex Wire Manager +118
Two-Piece Top w/ Field Joint Hardware +450
Length ≤144" or diameter ≤ 72"
May require additional base

For all options & accessories, including ordering instructions, please visit the Options & Accessories pages at the end of the Conference Tables section.

Picture Frame Molding
(applied to 2 outer bases)
+371 per table

Race Panel Base
Wire Manager
+232 per base

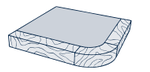
♦Radius Corner Wood Edge
+324 per table



Add "R" to edge model
Example: WC6R

Available in select wood edges only; see edge models marked with "♦" above.

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

CONFERENCE TABLES

Panel Base w/ Plinth

Seated Height - 29"

MODEL NUMBER

Basic Model + Edge

Example:
CNR.BV.60288.MT1
Basic Model | Edge

TOP SURFACE FINISH

Groups 1 & 2 Laminate standard
Group 4 Laminate see upcharge columns above
Group 5 Linoleum see upcharge column above
Other Laminate or Material call for a quote

Please visit www.surfaceworks.us to view current top surface finish options.

EDGE FINISH

Please visit www.surfaceworks.us to view current edge finish options.

BASE FINISH

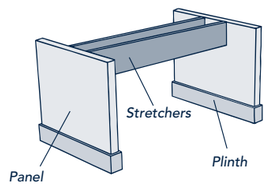
Panel Color
Laminate - same as top default
300 Black laminate standard
Contrasting group 1 or 2 laminate standard
Other laminate or material call for quote

Wood Plinth Finish
Finished to match wood edge default
Other standard wood finish please specify

Note: Stretchers are finished in black melamine



*Tables over 144" are shipped in two pieces including field joint hardware.
Please note alignment of grained laminate cannot be guaranteed.

OPTIONS & ACCESSORIES

Horizontal Universal Wire Raceway +64
Z-Flex Wire Manager +118
Two-Piece Top w/ Field Joint Hardware +450
Length ≤144" or diameter ≤ 72"
May require additional base

For all options & accessories, including ordering instructions, please visit the Options & Accessories pages at the end of the Conference Tables section.

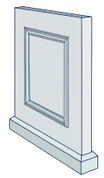
Picture Frame Molding
(applied to 2 outer bases)
+371 per table



Race Panel Base
Wire Manager
+232 per base

♦Radius Corner Wood Edge
+324 per table

Add "R" to edge model
Example: WC6R

Available in select wood edges only; see edge models marked with "♦" above.

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

OPTIONS & ACCESSORIES

Power/Data Trough (see pricing above)
Wire Raceway included
Two-Piece Top +450
For length ≤144" or diameter ≤ 72"
Field joint hardware included

♦Radius Corner Wood Edge +324 (per table)

Add "R" to edge model (Example: WC6R)
Available in select wood edges only; see edge models marked with "♦" above.

*Tables 144" and longer are shipped in two pieces including field joint hardware. Please note alignment of grained laminate cannot be guaranteed.

POWER/DATA TROUGH WITH AXIL® Z

Trim: 431 Metallic Silver

Door:
006 Brownstone
008 Graphite
064 Khaki Brown
151 Classic Mahogany
152 Rainier Cherry
219 Clear Maple
300 Black
348 Designer White
359 Stone Cliff
Other Laminate (call for quote)

Units equipped with optional Power/Data Trough include Axil® Z power/data modules configured as per chart. Dual USB ports are power only; please see accessories section for optional data adapters for open ports.

Axil® Z *(qty of ports per unit vary)*

Basic Model | Edge

TOP SURFACE FINISH

Groups 1 & 2 Laminate standard
Group 4 Laminate see upcharge columns above
Group 5 Linoleum see upcharge column above
Other Laminate or Material call for a quote

Please visit www.surfaceworks.us to view current top surface finish options.

EDGE FINISH

Please visit www.surfaceworks.us to view current edge finish options.

BASE FINISH

300 Black
378 Sand
354 HM Medium Tone
387 HM Innertone Light
406 Black Wrinkle
431 Metallic Silver

*Tables over 144" are shipped in two pieces including field joint hardware. Please note alignment of grained laminate cannot be guaranteed.

OPTIONS & ACCESSORIES

Horizontal Universal Wire Raceway +64
Z-Flex Wire Manager +118
Two-Piece Top w/ Field Joint Hardware +450
Length ≤144" or diameter ≤ 72"
May require additional base

For all options & accessories, including ordering instructions, please visit the Options & Accessories pages at the end of the Conference Tables section.

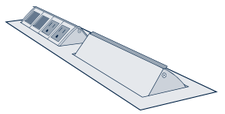
MS2® Power/Data Unit
2 power, 2 data (each side), 120" cord
+1340 (each, installed)



Aero Race Fabric Mesh Wire Raceway
(not available with round or square tables)
Black or Folkstone +118

♦Radius Corner Wood Edge
+324 per table

Add "R" to edge model
Example: WC6R

Available in select wood edges only; see edge models marked with "♦" above.

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

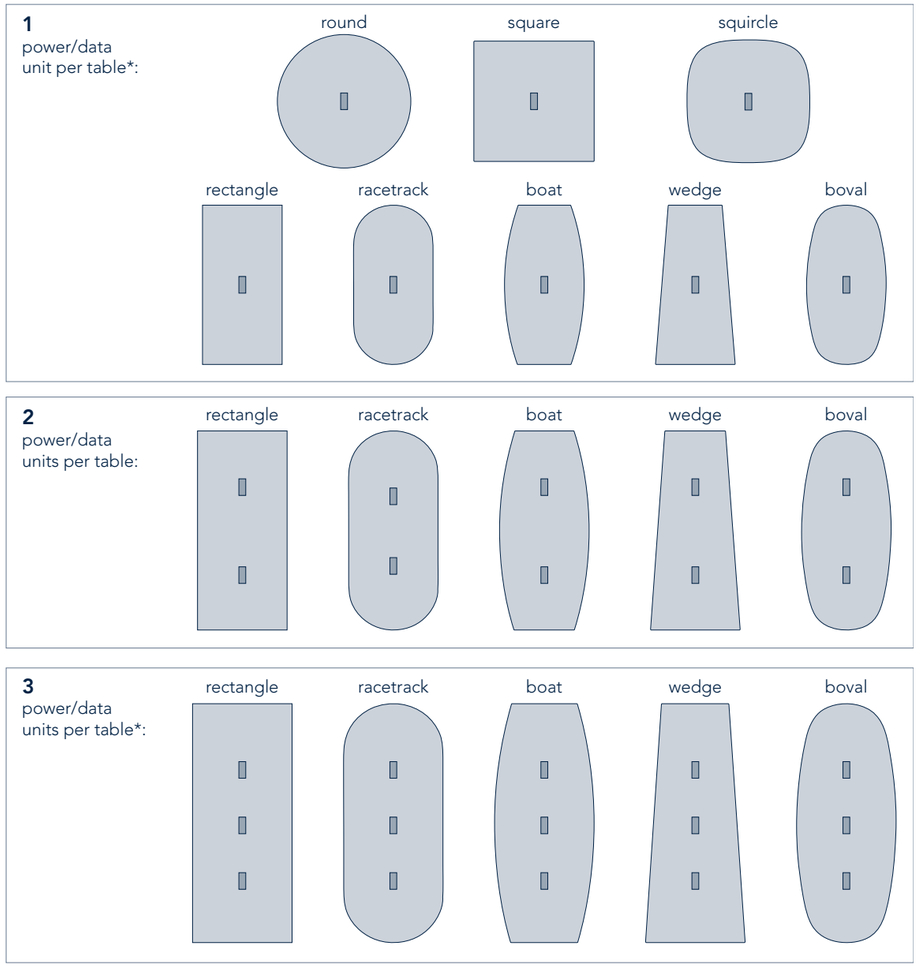
Power/Data Placement: Conference Tables

Power/data units (not including Rapport Power/Data Trough) will be placed on standard-shaped conference tables as outlined below, or provide a drawing indicating desired custom placement/orientation. A quantity of four or more units per table requires a drawing. When custom placement is needed, we can provide assistance in determining optimal placement for your tables.

- **1 power/data unit per table:** default placement is centered*, oriented parallel with the length of the table.
- **2 or 3 power/data units per table:** default placement is centered* lengthwise, evenly distributed, avoiding base and/or other obstructions, and oriented parallel to the length of the table, and maintaining a minimum distance of 20" from the ends of the table.
- **4 or more power/data units per table:** drawing is required.



Please note that center power may not be available with all base types, shapes and sizes due to base and/or other obstructions. Please inquire before ordering.

Ellora®

Ellora® Power/Data Unit

Featuring Anodized Aluminum construction, Ellora is a simple yet elegant way to bring power and data up to the work surface while keeping cable clutter out of sight by allowing use while the lid is shut. The 5.5in unit comes in varying lengths (8.5in to 11.5in) depending on your desired configuration. Hardwired and Corded versions available, in 461 Black Anodized Aluminum and 444 Silver Anodized Aluminum.

Options & Accessories

Power and Data Management

The Interlink® System allows for up to eight Nacre® or Nacre® Mini units to be connected in one sequential series.

- Each unit in an Interlink® Sequential System is individually numbered with uniquely configured, color-coded connections that cannot be interchanged. The first unit has a 10' cord with a standard 3-prong outlet plug. Each susbsequent unit has Interlinking 5' cords.
- You may link a maximum of eight units per chain, and the standard maximum distance between units is 60". Spans greater than 60" are possible; please call for assistance in specifying the correct components.
- Interlink® Sequental Systems cannot be split into two separate chains, and cannot be joined to create a longer chain, or "Y" split into two directions.
- When adding to an existing Interlink® Sequential System, please specify the correct unit number(s) needed. For example, when adding two add-on units to an existing 3-unit system, specify units #4 & #5.
- Interlink® Sequential Systems are available with Nacre or Nacre-Mini Power/Data Units, in 300 Black, 348 Designer White (shown), 004 Folkstone and 385 HM Slate Grey (not shown).
- Please specify desired placement, or provide a drawing illustrating placement.
- Interlink® Sequential Systems are available in a corded version only; hardwire is not available.
- Other power/data configurations are available with the Nacre & Nacre-Mini; please inquire.

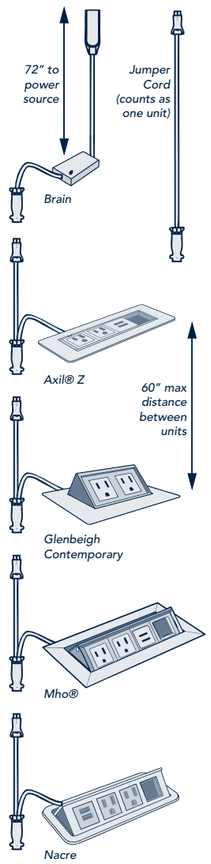
Power & Data Management



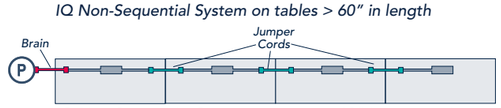
IQ Non-Sequential System

The iQ non-sequential power system allows users to "daisy chain" multiple power centers together. The system's "brain" allows users to connect up to 8 power/data centers off of one infeed. iQ was even created with smart LED indicators that illuminate green when you're connected and ready to plug in and a red light when you've linked too many units.

- The IQ Non-Sequential System consists of a "Brain" unit with starter cord and up to eight power/data units, which can be connected to each other in any order you choose.
- IQ Non-Sequential Systems are available with the following Power/Data units: Axil® Z, Glenbeigh Contemporary, Mho®, and Nacre® (see below for finish availability).
- Please specify desired placement, or provide a drawing illustrating placement.
- IQ Non-Sequential Systems are available in a corded version only; hardwire is not available.
- You may link a maximum of eight units per chain, and the standard maximum distance between units is 60"
- Spans greater than 60" are possible via the use of Jumper cords, however, each jumper cord counts as one unit towards the 8-unit maximum

IQ Non-Sequential System on tables ≤ 60" in length

IQ Non-Sequential System on tables > 60" in length



IQ Non-Sequential System on tables > 60" in length with added jumper cords (each jumper cord counts as one unit towards the 8-unit maximum.)

Wire Management

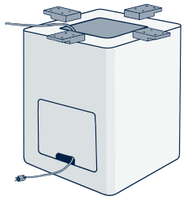
Conference Table Base Wire Management Options

Three style-specific base wire management options are offered. Please see below for options and detailed ordering instructions.

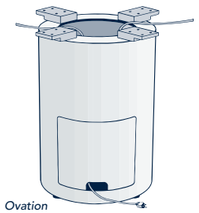


Jefferson
Wire Access Panel
& Wire Pass-Through Cleats

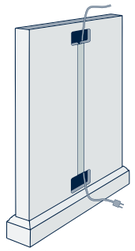
Jefferson & Ovation Wire Pass Through Cleats & Wire Access Door

The Wire Pass-Through Cleats come standard with all Ovation & Jefferson bases, and provide easy and accomodating wire pass through between the base and the top. The optional Wire Access Door easily snaps out for wire accessibility, while providing an ample pass-through point for cables and wires.

Model	Description	Price
JWD	Jefferson Wire Access Panel & Wire Pass-Through Cleats	349
OWD	Ovation Wire Access Panel & Wire Pass-Through Cleats	349



Ovation
Wire Access Panel
& Wire Pass-Through Cleats



Race Panel Base
Wire Manager

Race Panel Base Wire Manager

The Race Panel Base features a hollow raceway through the center of the base to manage and conceal your electrical and communication cords, with a brush-lined channel for easy wire access and removal. Available with all Panel Base conference tables, with or without a plinth.

Model	Description	Price
RPB	Race Panel Base Wire Manager	232

How To Order

When specifying an option for an individual base on a conference table, it is important to identify which base(s) should get the option(s). This is due to the face that on some conference tables, the bases on the same table can differ in size. Each base is numbered as per the example below; please use the correct base number you would like your option to be applied with. For wedge shape tables, base #1 is on the smaller end of the table.

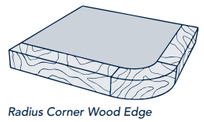
Two Piece Top	Two-Piece Top, length ≤144" or diameter ≤ 72". Field-joint hardware included	450

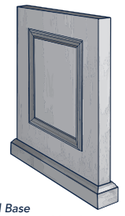


Radius Corner Wood Edge

Radius Corner - Wood Edge

Add a radius corner to smooth out your look of your conference table. Available on select wood edges only.

Model	Description	Price
Radius Corner	Add "R" to the edge model #. (Example WC6R)	324



Panel Base
Picture Frame Molding

Panel Base Picture Frame Molding

Picture Frame Molding added to the outward facing sides of the two "end" panels. Finished to match plinths.

Model	Description	Price
Molding	Picture frame molding	371

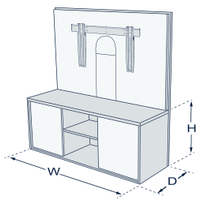
CONFERENCE ROOM FURNITURE

Rapport Credenzas

OPEN MARKET

Rapport Media Credenza

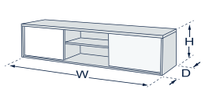
Rapport Media Credenzas offer a convenient way to bring a TV into a space that would normally not be inconvenient to do so. The extended media back provides a stable mount and removable wire access panel. TV mount is included. 48" wide units will accommodate most TVs up to 48" and 60" wide units will accommodate most TVs up to 60". Featuring two closed cabinets along with an open shelf in the middle, there is ample storage and display space. Each cabinet includes an adjustable position shelf and doors feature soft close hinges standard. Wire management pass-throughs are included for easy wiring of any electronics.



Model	Description	Price
RPS.MC.20482455	20" D x 48" W x 24" H (55" overall height)	3,914
RPS.MC.20482962	20" D x 48" W x 29" H (62" overall height)	4,429
RPS.MC.20602462	20" D x 60" W x 24" H (62" overall height)	4,049
RPS.MC.20602967	20" D x 60" W x 29" H (67" overall height)	4,578

Rapport Wall Mount Credenza

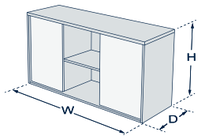
Rapport Wall Mount Credenzas can be mounted on any structural wall at any height. Mounted with a French Cleat, these credenzas will be able to hold plenty of books, binders and other objects. Featuring two closed cabinets along with an open shelf in the middle, there is ample storage and display space. Each cabinet includes an adjustable position shelf and doors feature soft close hinges standard. Wire management pass-throughs are included for easy wiring of any electronics.



Model	Description	Price
RPS.WC.1648	16" D x 48" W x 18" H	1,966
RPS.WC.1660	16" D x 60" W x 18" H	2,113
RPS.WC.1672	16" D x 72" W x 18" H	2,239

Rapport Buffet Height Credenza

Rapport Buffet Credenzas are a perfect accessory to any meeting space. Featuring two closed cabinets along with an open shelf in the middle, there is ample storage and display space. Each cabinet includes an adjustable position shelf and doors feature soft close hinges standard. Wire management pass-throughs are included for easy wiring of any electronics.



Model	Description	Price
RPS.BC.2048	20" D x 48" W x 36" H	2,607
RPS.BC.2060	20" D x 60" W x 36" H	2,807
RPS.BC.2072	20" D x 72" W x 36" H	3,009

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

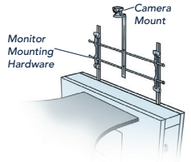
Options & Accessories

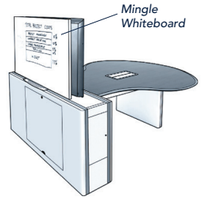
Options



Mingle Monitor Mounting Hardware Options

The Mingle comes standard with mounting hardware that accommodates a single monitor from 37" to 65" in size. As an option, mounting hardware for dual monitors is available, which accommodates two monitors sized from 32" to 42" each. Video camera mount is included.

Model	Description	Price
SW.MNGMON.1	Single Monitor Mounting Hardware (accommodates 37" to 65" TV)	incl.
SW.MNGMON.2	Dual Monitor Mounting Hardware (accommodates two 32" to 42" TVs)	782



Mingle Back Configuration Options

The Mingle comes standard with a shroud. A optional whiteboard can be substituted at no additional charge. The shroud consists of a curved steel panel in 300 Black powdercoat finish, and neatly conceals the mounting hardware and cables. As an alternative, the whiteboard gives function to the back of your Mingle while also concealing the mounting hardware and cables. Standard whiteboard dimensions accommodate most TV sizes, while custom sized whiteboards are also available. For custom sized whiteboards, please specify desired dimensions. Please select one of the following included options.

Model	Description	Price
SW.MNGBK.1A	Single Monitor Shroud	incl.
SW.MNGBK.1B	Dual Monitor Shroud	incl.
SW.MNGBK.2A	Single Monitor Whiteboard, 24"h x 36"w	incl.
SW.MNGBK.2B	Single Monitor Whiteboard, 30"h x 42"w	incl.
SW.MNGBK.2C	Single Monitor Whiteboard, 32"h x 54"w	incl.
SW.MNGBK.3A	Dual Monitor Whiteboard, 24"h x 60"w	incl.
SW.MNGBK.3B	Dual Monitor Whiteboard, 25"h x 66"w	incl.
SW.MNGBK.CUST	Single Screen Custom Size Whiteboard (please specify height and width)	incl.
SW.MNGBK.CUST2	Dual Screen Custom Size Whiteboard (please specify height and width)	incl.

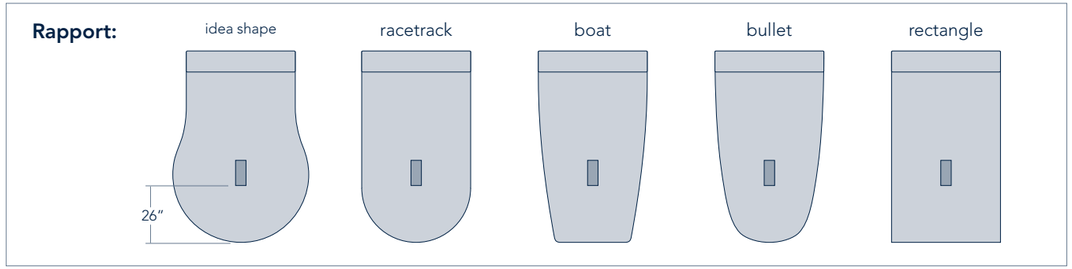
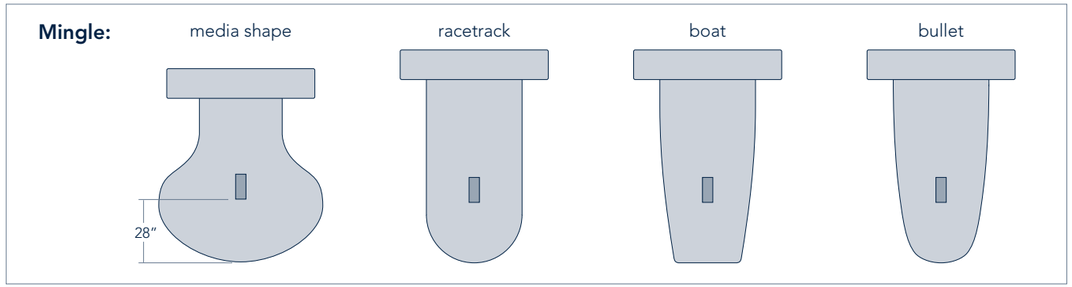
Power and Data Management

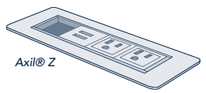
Power/Data Placement: Media Conference Tables

Power/data units (not including Rapport Power Data Trough) will be placed on standard-shaped Media Conference Tables as outlined below. For custom shapes, non-standard placement, or if two or more units are required, please provide a drawing or sketch of your desired placement, or we can provide assistance in determining optimal Power/Data unit placement for you.

- **Mingle:** default placement is centered, oriented parallel with the length of the table, approx. 28" off the front edge.
- **Rapport:** default placement is centered, oriented parallel with the length of the table, approx. 26" off the front edge.
- **Custom Shape, Custom Placement, or 2+ Units:** Drawing is required.







Axil® Z Power/Data Unit

Axil Z is flat mount power/data center, featuring a water-resistant outlet - a design that delivers a groundbreaking, UL Listed solution parallel to any work surface. Constructed out of anodized aluminum and a painted, steel faceplate, Axil Z is a robust, scalable and customizable power/data solution. Available in 300 Black, 431 Metallic Silver and 348 Designer White.

Power and Data Management

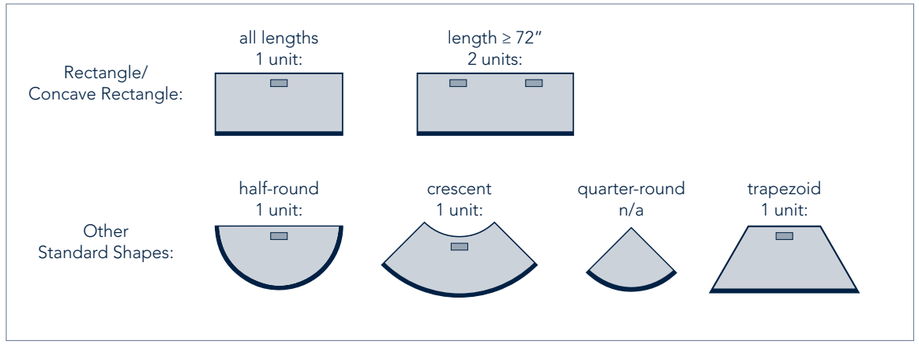
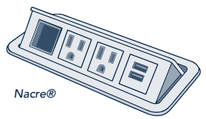
Power/Data Placement: Training Tables

Standard placement on for one or two power/data units per standard-shaped training table is outlined below. Please provide a drawing indicating desired custom placement/orientation, or we can work with you to provide optimum placement of your power/data units.

• **Rectangles/Concave Rectangles** (1 or 2 units per table): default placement is 3" off the back edge, evenly spaced, oriented parallel with the length of the table.

• **Other Standard Shapes** (1 unit per table): default placement is 3" off the back edge, centered, oriented parallel with the length of the table.





Nacre® Power/Data Unit

The 3" x 7" compact design of the Nacre® pops up when in use, and retracts if not needed for a low profile. Each module includes two 15 amp simplex outlets and a combination of open data ports, USB-A charging duplex, or USB-C ports. Universal Adapter Kit is included. Available in 300 Black and 348 Designer White

Model	Description	Price
SW.NCR21UCD.300	Nacre®, 2 Power, 1 USB Duplex, 1 Open Port, 120in Cord, Black	456

SW.NCR22CD.348	Nacre®, 2 Power, 2 Open Port, 120in Cord, Designer White	356

Nacre® Mini Power/Data Unit

Nacre® Mini keeps a low profile, but rises up when needed to reveal its range of power. Each 3" x 4.5" module includes one 15 amp simplex outlet and a choice of an open data port, USB-A charging duplex, or USB-C port. Universal Adapter Kit is included. Available in 300 Black, 348 Designer White, 004 Folkstone or 385 HM Slate Grey.

Options & Accessories

Power and Data Management

Interlink® System

The Interlink® System allows for up to eight Nacre® or Nacre® Mini units to be connected in one sequential series.

- Each unit in an Interlink® Sequential System is individually numbered with uniquely configured, color-coded connections that cannot be interchanged. The first unit has a 10' cord with a standard 3-prong outlet plug. Each susbsequent unit has Interlinking 5' cords.
- You may link a maximum of eight units per chain, and the standard maximum distance between units is 60". Spans greater than 60" are possible; please call for assistance in specifying the correct components.
- Interlink® Sequental Systems cannot be split into two separate chains, and cannot be joined to create a longer chain, or "Y" split into two directions.
- When adding to an existing Interlink® Sequential System, please specify the correct unit number(s) needed. For example, when adding two add-on units to an existing 3-unit system, specify units #4 & #5.
- Interlink® Sequential Systems are available with Nacre or Nacre-Mini Power/Data Units, in 300 Black, 348 Designer White (shown), 004 Folkstone and 385 HM Slate Grey (not shown).
- Please specify desired placement, or provide a drawing illustrating placement.
- Interlink® Sequential Systems are available in a corded version only; hardwire is not available.
- Other power/data configurations are available with the Nacre & Nacre-Mini; please inquire.

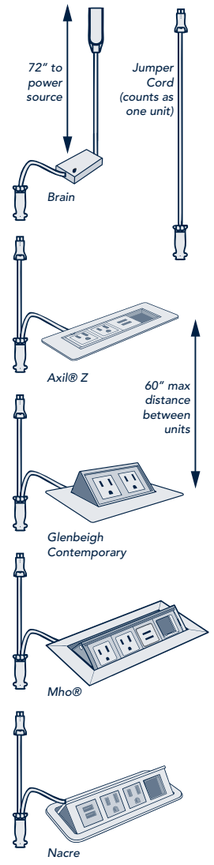
Options & Accessories
Power and Data Management



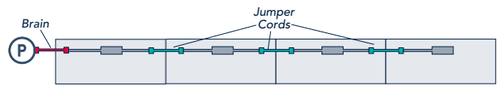
IQ Non-Sequential System

The iQ non-sequential power system allows users to "daisy chain" multiple power centers together. The system's "brain" allows users to connect up to 8 power/data centers off of one infeed. iQ was even created with smart LED indicators that illuminate green when you're connected and ready to plug in and a red light when you've linked too many units.

- The IQ Non-Sequential System consists of a "Brain" unit with starter cord and up to eight power/data units, which can be connected to each other in any order you choose.
- IQ Non-Sequential Systems are available with the following Power/Data units: Axil® Z, Glenbeigh Contemporary, Mho®, and Nacre® (see below for finish availability).
- Please specify desired placement, or provide a drawing illustrating placement.
- IQ Non-Sequential Systems are available in a corded version only; hardwire is not available.
- You may link a maximum of eight units per chain, and the standard maximum distance between units is 60"
- Spans greater than 60" are possible via the use of Jumper cords, however, each jumper cord counts as one unit towards the 8-unit maximum

IQ Non-Sequential System on tables ≤ 60" in length

IQ Non-Sequential System on tables > 60" in length



IQ Non-Sequential System on tables > 60" in length with added jumper cords (each jumper cord counts as one unit towards the 8-unit maximum.)

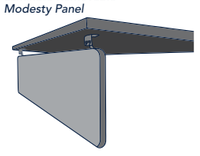
Modesty Panels

Laminate Removable Modesty Panel



Laminate Removable Modesty Panel

Laminate Removable Modesty Panels finish at approximately 3/4" thick, 11" high, and 1/4" undersized in length from the top itself. Panels are easily removed using a hook and bracket which also allows the modesty panel to hang freely. Rubber bumpers are attached to the inside of the panels allowing the user to stack panels without damage. Laminate Modesty Panels have the same laminate as the table top (black is available at no additional charge). Group 1 laminates are standard when ordered with tables. For other laminates, please request a quote. Available in T4, EB, EBR and W2E edge profiles (T4 available in black only). *Not recommended for Flip-Top Tables.

Medley Fabric Modesty Panel

Medley Fabric Modesty Panel

Constructed of graphite grey fabric mesh stretched over a lightweight metal frame, this removable modesty panel was designed exclusively for the Medley training table. It is intentionally undersized so it swings freely between the legs to accomodate nesting. Available only with Medley and in 585 Graphite Grey.

Model	Description	Price
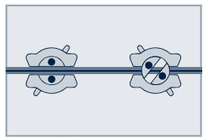
SW.MEDMOD23.585	Medley Fabric Modesty Panel, for 36in tables, Graphite Grey	182
SW.MEDMOD47.585	Medley Fabric Modesty Panel, for 60in and 66in tables, Graphite Grey	200
SW.MEDMOD59.585	Medley Fabric Modesty Panel, for 72in - 84in tables, Graphite Grey	208

Options & Accessories

Table Connectors

Table Connectors

Choose any of our easy to use table connectors to connect two or more tables and add flexibilty to any space. See below for ordering instructions. Note: Table connectors are not available on height adjustable tables or workstations.



Concentric Connector

Concentric Table Connector

The Concentric metal connector allows for easy, positive and precise connection by simply turning the revolving cam lever. This connector is the smallest of our connectors and requires the least amount of clearance, making it a good choice for tables with multiple accessories.

Model	Description	Price
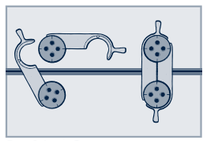
SW.CONCENTRIC	Concentric Table Connector - installed	72



Pop & Lock Connector

Pop & Lock Table Connector

Created from high-density plastic, the durable and simple Pop & Lock table connector consists of two identical pieces and is engaged by simply rotating the locks' arms and popping them into place. Solid construction and a budget-friendly price make this a good all-around connector choice.

Model	Description	Price
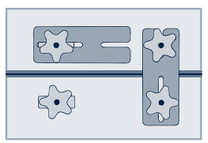
SW.POPNLK	Pop & Lock Table Connector - installed	56



Quick Link Connector

Quick Link Table Connector

The Quick Link table connecting system is constructed of heavy duty plate steel and high-density plastic knobs. It provides quick and easy connecting where precise alignment is not required. Perfect for tables on uneven floors or with large or non-flat edge profiles.

Model	Description	Price
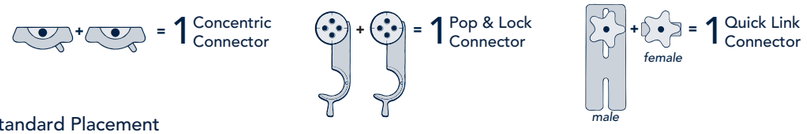
SW.QLINK	Quick Link Table Connector - installed	70

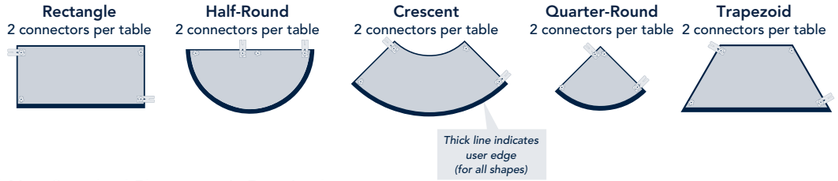
How To Order

Connectors are sold individually and factory installed. Each connector consists of two pieces as follows:



Standard Placement

The standard quantity is two connectors per table, on the non-user, connecting sides. Default placement is as follows:



If Non-Standard Placement is Required

Please provide a drawing of desired configuration and connector placement. If only one connector is required, please specify left-hand or right-hand placement. For tables with non-flat profile edges, it is recommended that connectors be installed on flat, non-user edges only. (see profile views below).

SHIPPING & HANDLING

Free shipping within the continental United States for all orders totaling $3,500 list & above. For orders less than $3,500 list, add up to $250 net, dependent on dealer agreement.

Please refer to the resources page of the website for other shipping destinations and further guidelines.

Options & Accessories

Wire Management

Universal Horizontal Wire Raceway

The Universal Horizontal Wire Raceway is a 1" x 2.5" extruded plastic J-channel that is mounted to the underside of the table top with 3M® double-sided foam tape. Ships in 4' lengths. Available in 300 Black.

Model	Description	Price
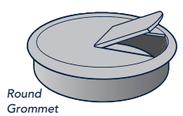
SW.ELECRCY	Universal Wire Raceway, 1in x 2-1/2in J-channel, 4ft section	64



Round Grommet

Round Grommets are 3.25" dia, feature removable caps, and are an accessory to be shipped loose and field installed. Available in 300 Black.

Model	Description	Price
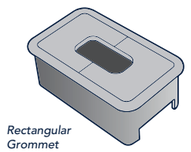
W.RGROM.300	Round Grommet w/ Cover, Field Installed, Black	19



Rectangular Grommet

Rectangular Grommets are 2" x 3.5", feature removable caps, and are factory installed. Available in 300 Black. Please specify desired placement, or provide a drawing illustrating placement.

Model	Description	Price
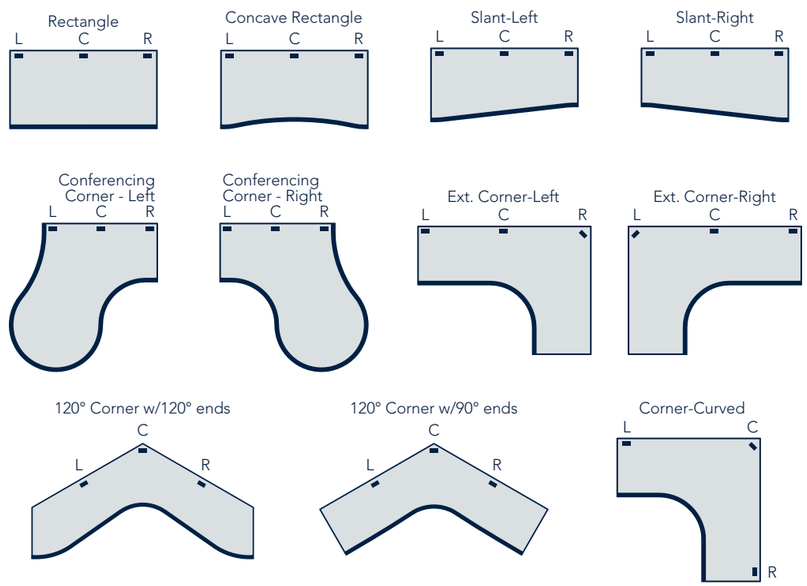
W.SGROM.300	Rectangular Grommet w/ Cover, Factory Installed, Black	26

Rectangular Grommet Standard Placement Codes for Freedom Workstations

Please refer to the chart below and indicate your required standard placement code, or provide a drawing if custom placement is required.

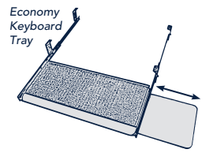
C*: Center
L: Left
R: Right
LCR: Left, Center & Right
CR: Center & Right
LC: Left & Center
LR:** Left & Right
CUS: Custom Placement; please provide drawing

*Default placement for one grommet will be center if no code is indicated)
**Default placement for two grommets wil be Left & Right if no code is indicated)



Options & Accessories

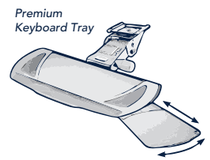
Ergonomic Accessories



Economy Pull-Out Keyboard Tray

16" wide keyboard tray slides out with ball bearing suspension. Features a non-slip surface and a slide-out mouse deck, which easily adjusts for left-hand and right-hand use.

Model	Description	Price
SW.KBTPO	Pull out keyboard tray, ball bearing slides, includes mouse tray	275



Premium Keyboard Tray with 5.5" Arm

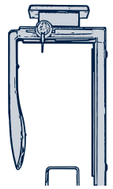
Premium keyboard tray that features a foam-gel wrist rest, anti-skid grip strips, and a slide-out/swivel mouse deck that easily adjusts for left-hand or right-hand use. Accommodates wave-style keyboards. Heavy-duty lever-less arm with independent height and tilt adjustment and 360° swivel. 5.5" extension is ideal for use with training tables.

Model	Description	Price
SW.KBOV55	Keyboard tray, 17in track, swivel, tilt 5.5in arm	500
SW.KBOV75	Keyboard tray, 21in track, swivel, tilt 7.5in arm	515

Economy CPU Holder

The Economy CPU holder easily mounts in a fixed position to the underside of the top and is adjustable to either a vertical or horizontal position. Adjustable width (5.5" to 9.8") and height (15.4" to 19.7").

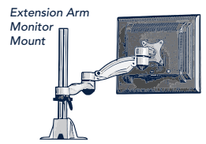
Model	Description	Price
SW.CPUHE	Economy CPU Holder, Fixed Mount	95



Lockable CPU Holder

The Lockable CPU Holder can be mounted horizontally or vertically. Available in fixed-mount or swivel & slide, which swivels a full 360° and slides out on a heavy-duty plastic glide. Adjustable width (3.5" to 9.3") and height (12.5" to 22.5").

Model	Description	Price
SW.CPULF	Lockable CPU holder, Fixed Mount	320
SW.CPULSS	Lockable CPU holder, Swivel & Slide Mount	425



Extension Arm Monitor Mount (Single and Dual)

Highly flexible, height adjustable extension arms mount to a pole which clamps or grommet-mounts to your table or desk top. Your monitor tilts up and down, swings side-to-side and moves up and down the length of the pole. Available in single-monitor or dual monitor versions (32" maximum spread).

Model	Description	Price
SW.MADBL	Flat Panel Monitor Arm, Dual Monitor, Double Extension, Height Adjustable	1,151
SW.MASGL	Flat Panel Monitor Arm, Single Monitor, Double Extension, Height Adjustable	704

Power and Data Management

Power/Data Placement: Workstations

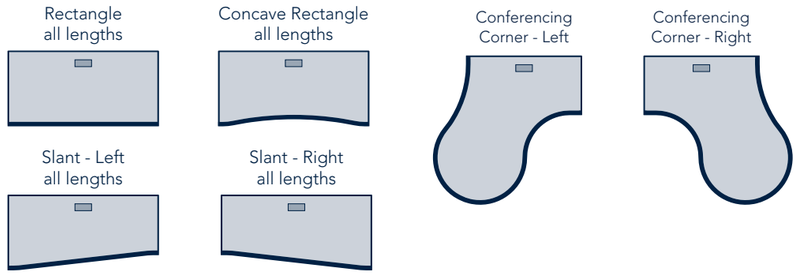
Standard placement on for one power/data unit per standard-shaped Freedom Workstation is outlined below. If custom placement is required, please provide a drawing or we can work with you to provide optimum placement of your power/data units.

- **Rectangles/Concave Rectangles/Slants 1 or 2 units:** default placement is approx. 3" off the back edge, evenly spaced, oriented parallel to the length of the table.

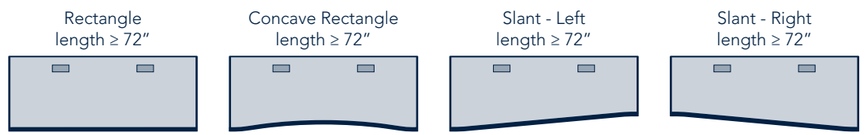
- **Conferencing Corners - 1 unit:** default placement is 3" off the long edge, centered, oriented parallel to the length of of the edge

- **Corners, 120° Corners, Extended Corners: choose L/R/C placement. L & R placement is approx. 3" off the edge, oriented parallel. C placement is centered, avoiding base plate, and oriented on an angle.**

1 power/data unit per top, default placement:



2 power/data units per top, default placement:



1, 2 or 3 power/data units per top, choose L/R/C placement:

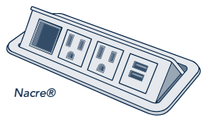
Options and Accessories

Power and Data Management



Nacre®

Nacre® Power/Data Unit

The 3" x 7" compact design of the Nacre® pops up when in use, and retracts if not needed for a low profile. Each module includes two 15 amp simplex outlets and a combination of open data ports, USB-A charging duplex, or USB-C ports. Universal Adapter Kit is included. Available in 300 Black and 348 Designer White

Model	Description	Price
SW.NCR21UCD.300	Nacre®, 2 Power, 1 USB Duplex, 1 Open Port, 120in Cord, Black	456
SW.NCR21UCD.348	Nacre®, 2 Power, 1 USB Duplex, 1 Open Port, 120in Cord, Designer White	456
SW.NCR22CD.300	Nacre®, 2 Power, 2 Open Port, 120in Cord, Black	356
SW.NCR22CD.348	Nacre®, 2 Power, 2 Open Port, 120in Cord, Designer White	356

Nacre® Mini

Nacre® Mini Power/Data Unit

Nacre® Mini keeps a low profile, but rises up when needed to reveal its range of power. Each 3" x 4.5" module includes one 15 amp simplex outlet and a choice of an open data port, USB-A charging duplex, or new USB-C port. Universal Adapter Kit is included. Available in 300 Black, 348 Designer White, 004 Folkstone or 385 HM Slate Grey.

Model	Description	Price
SW.NCM20CD.300	Nacre® Mini, 2 Power, 120in Cord, Black	295
SW.NCM20CD.348	Nacre® Mini, 2 Power, 120in Cord, Designer White	295

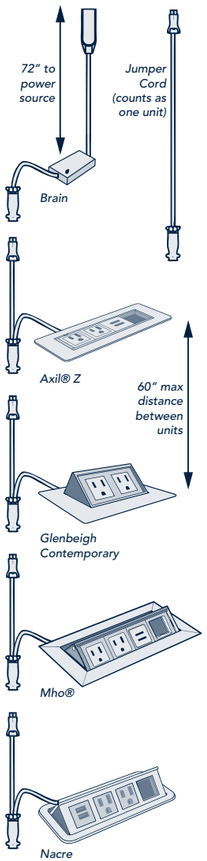
Options & Accessories

Power & Data Management



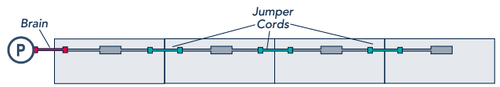
IQ Non-Sequential System

The iQ non-sequential power system allows users to "daisy chain" multiple power centers together. The system's "brain" allows users to connect up to 8 power/data centers off of one infeed. iQ was even created with smart LED indicators that illuminate green when you're connected and ready to plug in and a red light when you've linked too many units.

- The IQ Non-Sequential System consists of a "Brain" unit with starter cord and up to eight power/data units, which can be connected to each other in any order you choose.
- IQ Non-Sequential Systems are available with the following Power/Data units: Axil® Z, Glenbeigh Contemporary, Mho®, and Nacre® (see below for finish availability).
- Please specify desired placement, or provide a drawing illustrating placement.
- IQ Non-Sequential Systems are available in a corded version only; hardwire is not available.
- You may link a maximum of eight units per chain, and the standard maximum distance between units is 60"
- Spans greater than 60" are possible via the use of Jumper cords, however, each jumper cord counts as one unit towards the 8-unit maximum

IQ Non-Sequential System on tables ≤ 60" in length

IQ Non-Sequential System on tables > 60" in length



IQ Non-Sequential System on tables > 60" in length with added jumper cords (each jumper cord counts as one unit towards the 8-unit maximum.)

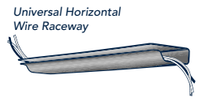
Options & Accessories

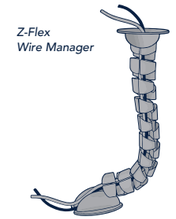
Wire Management



Universal Horizontal Wire Raceway

The Universal Horizontal Wire Raceway is a 1" x 2.5" extruded plastic J-channel that is mounted to the underside of the table top with 3M® double-sided foam tape. Ships in 4' lengths. Available in 300 Black.

Model	Description	Price
SW.ELECRCY	Universal Wire Raceway, 1in x 2-1/2in J-channel, 4ft section	64

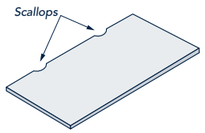


Z-Flex Wire Manager

The Z-Flex is an attractive, lightweight and extremely flexible plastic cable management system allows for vertical attachment in any location regardless of base type. It features four wire compartments and an integrated cable clamp. Available in 432 Graphite Metallic and 437 Chromium. Available for seated height tables 29" height and under.

Model	Description	Price
SW.ZFLEX.432	Z-Flex Wire Manager, Graphite	118
SW.ZFLEX.437	Z-Flex Wire Manager, Chromium	118

OPEN MARKET



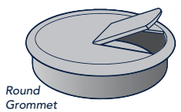
Scallop

Scallops are 6" wide by 1-1/4" deep and will be placed along the back side(s) of the worksurface. Please specify scallops as an option as part of the worksurface line item on your purchase order. For custom scallops, please provide drawings indicating the required dimensions and placements. Custom scallops cannot be any closer than 2" from the ends. Not available with ABS edge.

Standard Scallop Placement

- If the side is ≥ 70", there will be two scallops placed 20" (on center) from each end.
- If the side is > 30" and < 70", there will be one scallop in the center.
- If the side is < 30", there will be no scallops.

Model	Description	Price
SCALLOP	Wire Management Scallop, 6" x 1.25", standard placement	21
SCALLOP-CUST	Wire Management Scallop, custom size/placement (please provide drawing)	32



Round Grommet

Round Grommets are 3.25" dia, feature removable caps, and are an accessory to be shipped loose and field installed. Available in 300 Black.

Overall panel height is 27-7/8" including glides (does not include top thickness). Actual depth dimensions are 1/8" undersized to match standard worksurface depth. Available in T4, EB and W2E edges. Group 1 laminate is standard; please request a quote for other laminates. NOTE: support panels are to be used in conjunction with worksurface panel systems and are not meant to be used alone for free-standing desking.

Options & Accessories

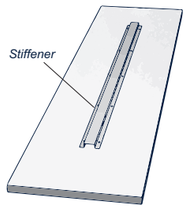
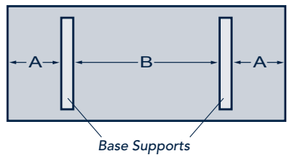
Stiffeners

OPEN MARKET



Stiffeners

Due to environmental influences, sagging may occur unless the table top is supported properly. Since SurfaceWorks® has no control over how table tops will be installed, we can only warranty our product against sagging when and if the proper precautions have been taken. Steel stiffeners are a required accessory for table tops with a span of 45" or greater between supports. Even with a stiffener, the maximum unsupported span should not exceed 60" (see guidelines below). As it is your responsibility to determine if a stiffener is necessary, stiffeners are not included in the table top price, and are not automatically added to your order. Stiffeners will be shipped loose and are to be field installed. Kits include required mounting screws. Placement: Optimal stiffener placement is in the center, directly between the base plates/panels, however, it can be placed up to 6" off the center. If the stiffener must be placed further off center, it is highly recommended that two parallel stiffeners are placed on either side of the base plates. Please carefully factor in the dimensions and location of your base hardware/plates when determining which size stiffener to order.



- Dimension "A" should not exceed 20"
- If Dimension "B" is less than 45", a stiffener is not required
- If Dimension "B" is between 45" & 53.9", a 45" stiffener is required
- If Dimension "B" is between 54" & 60", a 54" stiffener is required
- Dimension "B" should not exceed 60" with or without a stiffener; additional supports are required

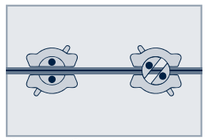
Options & Accessories

Table Connectors

Table Connectors

Choose any of our easy to use table connectors to connect two or more tables and add flexibilty to any space. See below for ordering instructions. Note: Table connectors are not available on height adjustable tables or workstations.

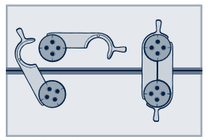


Concentric Connector

Concentric Table Connector

The Concentric metal connector allows for easy, positive and precise connection by simply turning the revolving cam lever. This connector is the smallest of our connectors and requires the least amount of clearance, making it a good choice for tables with multiple accessories.

Model	Description	Price
SW.CONCENTRIC	Concentric Table Connector - installed	72

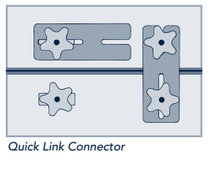


Pop & Lock Connector

Pop & Lock Table Connector

Created from high-density plastic, the durable and simple Pop & Lock table connector consists of two identical pieces and is engaged by simply rotating the locks' arms and popping them into place. Solid construction and a budget-friendly price make this a good all-around connector choice.

Model	Description	Price
SW.POPNLK	Pop & Lock Table Connector - installed	56



Quick Link Connector

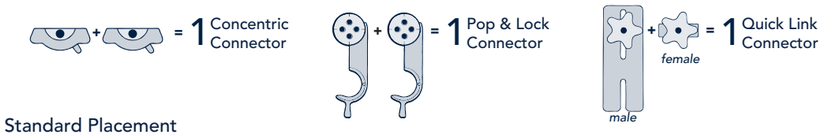
Quick Link Table Connector

The Quick Link table connecting system is constructed of heavy duty plate steel and high-density plastic knobs. It provides quick and easy connecting where precise alignment is not required. Perfect for tables on uneven floors or with large or non-flat edge profiles.

Model	Description	Price
SW.QLINK	Quick Link Table Connector - installed	70

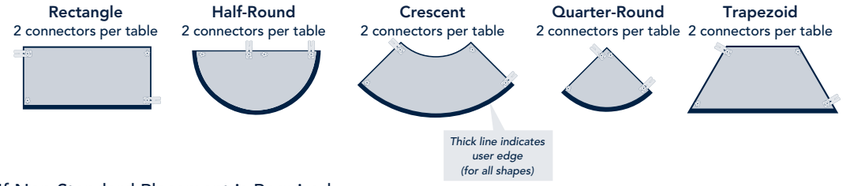
How To Order

Connectors are sold individually and factory installed. Each connector consists of two pieces as follows:



Standard Placement

The standard quantity is two connectors per table, on the non-user, connecting sides. Default placement is as follows:



If Non-Standard Placement is Required

Please provide a drawing of desired configuration and connector placement. If only one connector is required, please specify left-hand or right-hand placement. For tables with non-flat profile edges, it is recommended that connectors be installed on flat, non-user edges only. (see profile views below).

Options & Accessories

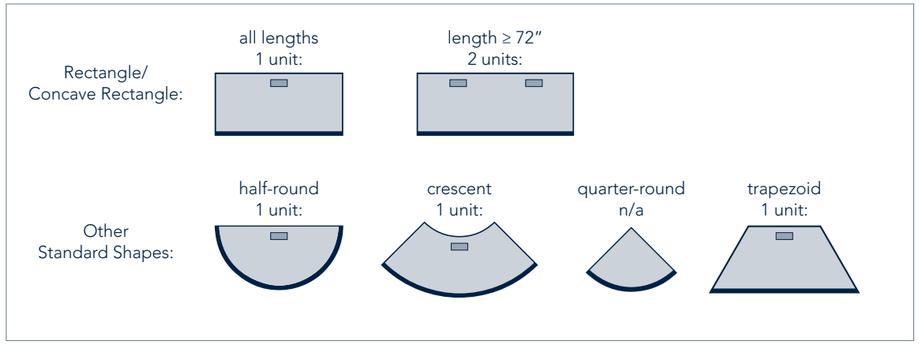
Power and Data Management

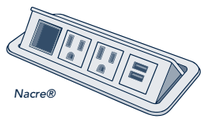
Power/Data Placement: Training Tables

Standard placement on for one or two power/data units per standard-shaped training table is outlined below. Please provide a drawing indicating desired custom placement/orientation, or we can work with you to provide optimum placement of your power/data units.

• **Rectangles/Concave Rectangles** (1 or 2 units per table): default placement is 3" off the back edge, evenly spaced, oriented parallel with the length of the table.

• **Other Standard Shapes** (1 unit per table): default placement is 3" off the back edge, centered, oriented parallel with the length of the table.





Nacre®

Nacre® Power/Data Unit

The 3" x 7" compact design of the Nacre® pops up when in use, and retracts if not needed for a low profile. Each module includes two 15 amp simplex outlets and a combination of open data ports, USB-A charging duplex, or USB-C ports. Universal Adapter Kit is included. Available in 300 Black and 348 Designer White

Model	Description	Price
SW.NCR21UCD.300	Nacre®, 2 Power, 1 USB Duplex, 1 Open Port, 120in Cord, Black	456
SW.NCR21UCD.348	Nacre®, 2 Power, 1 USB Duplex, 1 Open Port, 120in Cord, Designer White	456
SW.NCR22CD.300	Nacre®, 2 Power, 2 Open Port, 120in Cord, Black	356
SW.NCR22CD.348	Nacre®, 2 Power, 2 Open Port, 120in Cord, Designer White	356

Nacre® Mini

Nacre® Mini Power/Data Unit

Nacre® Mini keeps a low profile, but rises up when needed to reveal its range of power. Each 3" x 4.5" module includes one 15 amp simplex outlet and a choice of an open data port, USB-A charging duplex, or USB-C port. Universal Adapter Kit is included. Available in 300 Black, 348 Designer White, 004 Folkstone or 385 HM Slate Grey.

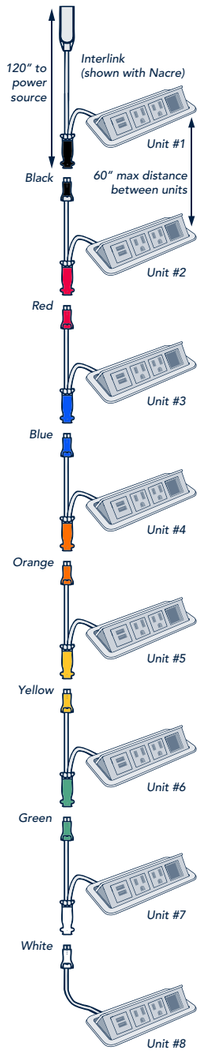
Mini Stereo

Connect various electronic devices (computers, laptops, audio players, speakers, etc.) that use 3.5mm audio jacks to others via your Nacre®, Nacre® Mini, Axil® Z, Glenbeigh®, Mho® or M2X. 10' cord included to run under the surface to speakers or other devices.

Model	Description	Price
EA.35MF-120	3.5mm Stereo Jack	29

Options & Accessories

Power and Data Management



Interlink® System

The Interlink® System allows for up to eight Nacre® or Nacre® Mini units to be connected in one sequential series.

- Each unit in an Interlink® Sequential System is individually numbered with uniquely configured, color-coded connections that cannot be interchanged. The first unit has a 10' cord with a standard 3-prong outlet plug. Each susbsequent unit has Interlinking 5' cords.
- You may link a maximum of eight units per chain, and the standard maximum distance between units is 60". Spans greater than 60" are possible; please call for assistance in specifying the correct components.
- Interlink® Sequental Systems cannot be split into two separate chains, and cannot be joined to create a longer chain, or "Y" split into two directions.
- When adding to an existing Interlink® Sequential System, please specify the correct unit number(s) needed. For example, when adding two add-on units to an existing 3-unit system, specify units #4 & #5.
- Interlink® Sequential Systems are available with Nacre or Nacre-Mini Power/Data Units, in 300 Black, 348 Designer White (shown), 004 Folkstone and 385 HM Slate Grey (not shown).
- Please specify desired placement, or provide a drawing illustrating placement.
- Interlink® Sequential Systems are available in a corded version only; hardwire is not available.
- Other power/data configurations are available with the Nacre & Nacre-Mini; please inquire.

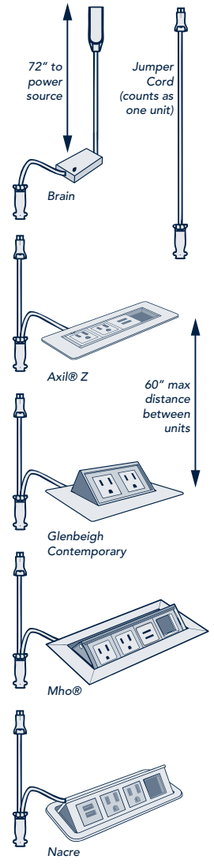
Options & Accessories

Power and Data Management



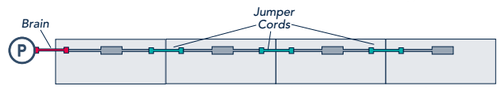
IQ Non-Sequential System

The iQ non-sequential power system allows users to "daisy chain" multiple power centers together. The system's "brain" allows users to connect up to 8 power/data centers off of one infeed. iQ was even created with smart LED indicators that illuminate green when you're connected and ready to plug in and a red light when you've linked too many units.

- The IQ Non-Sequential System consists of a "Brain" unit with starter cord and up to eight power/data units, which can be connected to each other in any order you choose.
- IQ Non-Sequential Systems are available with the following Power/Data units: Axil® Z, Glenbeigh Contemporary, Mho®, and Nacre® (see below for finish availability).
- Please specify desired placement, or provide a drawing illustrating placement.
- IQ Non-Sequential Systems are available in a corded version only; hardwire is not available.
- You may link a maximum of eight units per chain, and the standard maximum distance between units is 60"
- Spans greater than 60" are possible via the use of Jumper cords, however, each jumper cord counts as one unit towards the 8-unit maximum

IQ Non-Sequential System on tables ≤ 60" in length

IQ Non-Sequential System on tables > 60" in length



IQ Non-Sequential System on tables > 60" in length with added jumper cords (each jumper cord counts as one unit towards the 8-unit maximum.)

Fabric Mesh Modesty Panel

This modesty panel consists of fabric mesh stretched over a lightweight metal frame. It features an easy access wire management pocket with hook-and-loop fasteners. When used with folding and flip top tables, it simply folds in or swings out of the way when stacking or flipping. Available in 500 Black Mesh only.

Model	Description	Price
SW.FABRIC42.500	8 x 42 Fabric Mesh Modesty Panel w/ wire management pocket, Black	250

Medley Fabric Modesty Panel

Constructed of graphite grey fabric mesh stretched over a lightweight metal frame, this removable modesty panel was designed exclusively for the Medley training table. It is intentionally undersized so it swings freely between the legs to accomodate nesting. Available only with Medley and in 585 Graphite Grey.

Model	Description	Price
SW.MEDMOD23.585	Medley Fabric Modesty Panel, for 36in tables, Graphite Grey	182
SW.MEDMOD47.585	Medley Fabric Modesty Panel, for 60in and 66in tables, Graphite Grey	200
