**DAX® TRAINING TABLES**  
CUT SHEET

## OVERVIEW

Spoil meeting goers and educators forever with Dax. These training tables are made to move effortlessly. One moment they're nested tightly in a corner; the next, gliding effortlessly into whatever configuration one can dream up. With Dax, seating arrangements shift from "we'll make this work" to "what else can we do?" So, what will you do with Dax?

## Key Technical Features

**Casters:** Two locking and two non-locking heavy-duty commercial casters.

**Power:** Perfectly pairs with Nacre.

**Flipping Mechanism:** Top flips easily with left and right release mechanisms. Locks in both open and closed position.

**Additional Center Support:** Maximizes table rigidity.

**Leg Finish:** Upper leg is P431 Metallic Silver powdercoat, Lower leg is P479 Polished Aluminum

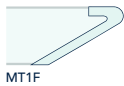

## Edge Options

Dax is available in several edge materials including urethane, wood and edgeband. Below are just a few of the many user-edge profile options.

### URETHANE

MT6F, MT6Y

MT1F

MT9F, MT9Y

MA7F

### WOOD

WB1

W2E

### EDGEBAND

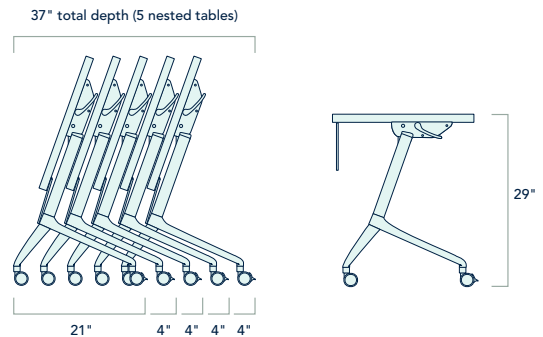

EB

PK4F

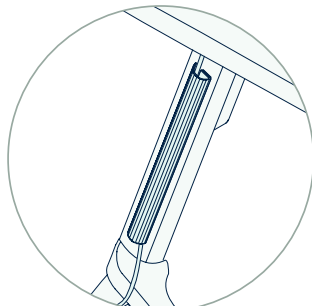

## Straight-on Nesting

Dax tables nest straight-on, with each nested table adding just 4" to the overall depth. Optional Fabric Mesh Modesty panels swing clear when nesting.

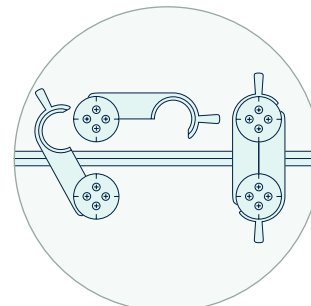

## WM6 Slim Wire Raceway

Featuring an "invisible hinge", the optional WM6 Slim Wire Raceway firmly secures to the Dax leg with adhesive tape for effortless wire management.

## Pop N Lock Table Connectors

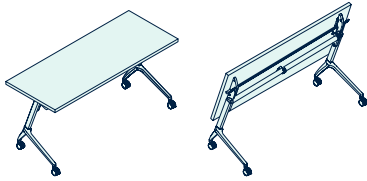

A featured option with the Dax Training Table, the durable and simple-to-use Pop N Lock table connector is a great all-around solution for configuring and re-configuring tables in your space.
