URETHANE EDGE MODELS & COLORS

A-SERIES URETHANE EDGE MODELS - Urethane profile is the same on all sides of the table top

Ideal when people are seated all around the table, such as for conference, meeting & hospitality spaces. A-Series urethane edge models are available in all 60 standard colors and custom-matched colors.

PURTECH A-SERIES

(matte finish)

PURWOOD A-SERIES

(woodgrain embossed finish)

Y-SERIES URETHANE EDGE MODELS - Urethane edge profile is on the user side of the table top, with thin, flat urethane

continuing seamlessly on the remaining non-user sides. Primarily used for training tables, Y-Series edge models allow for flush connections between tops when connected or placed side-by-side, and colors are not restricted as they are with F-Series models. Y-Series urethane edge models are available in all 60 standard colors and custom-matched colors.

PURTECH Y-SERIES

(matte finish)

F-SERIES URETHANE EDGE MODELS - Urethane edge profile is on the user side only; non-user sides consist of EB

edgeband. Primarily for training tables and worksurfaces, this allows for flush connections between tops when connected or placed side-by-side, and the flexible mold process accommodates non-standard top lengths and some custom curved shapes. Standard colors for F-Series urethane edge models are generally restricted to those that are also available in EB edgeband (denoted by **F**), however you may specify a non-matching edgeband color.

PURTECH F-SERIES

(matte finish)

PURWOOD F-SERIES

(woodgrain embossed finish)

URETHANE EDGE MODELS & COLORS (CONT.)

STANDARD URETHANE EDGE COLORS

All urethane colors shown are available as standard with SurfaceWorks original product lines in both PURTech and PURWood edge models. Due to manufacturing constraints, non-izzy+ designated colors may be available with izzy+ products based on order volume and other factors, will require an upcharge, and will be considered on a case-by-case basis.

CUSTOM COLOR MATCHING

Send us a color sample and we will create a matching urethane pigment mixture for your specific project. Quote required.
