JOURNEY

SPECIFICATION & PRICING GUIDE

JUNE 2025

JOURNEY IS A TESTAMENT TO COLLABORATION AND ALL THAT IT INSPIRES.

Designed to elevate today's shared environments, Journey not only provides a bold design that encourages teamwork but also boasts simple forms packed with thoughtful details, making it highly functional. This collection offers a uniquely versatile solution that enhances productivity in offices, conference rooms, cafeterias and other gathering spaces where practicality & flexibility are paramount.

Versatility is at play in this collection, with conference table legs that can be configured in either a bold, splayed style or a streamlined sawhorse design. The introduction of rich earth tones in calming hues, thoughtful details like color-matched pulls on storage offerings, and the use of high quality materials inspire harmonious combinations.

Experience the perfect blend of style and functionality with Journey, where soft, approachable designs intermix with strong and bold forms, bringing a balance of boldness, approachability, and sense of ease to the workplace.

Leg Styles

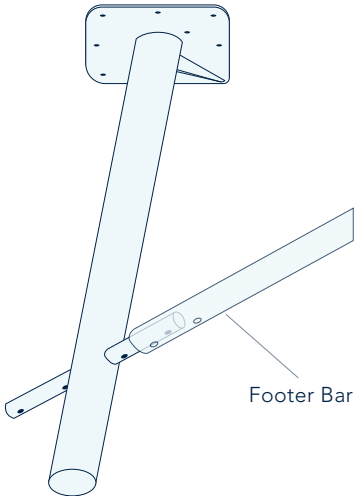

Journey Conference Tables are available with Splayed legs or Sawhorse legs. Note that for tables wider than 96" with 6 or 8 legs, the inside legs will be positioned as sawhorse.

Base Construction

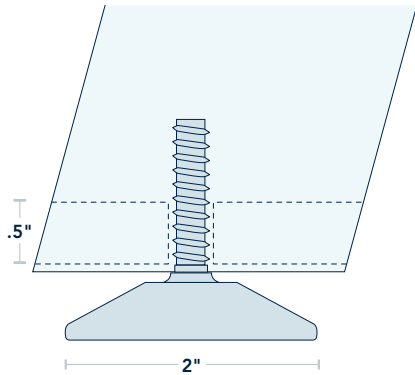

Journey Conference Tables feature freestanding 3" tubular legs that are constructed of powder-coated 13-gauge steel. The legs are welded to 7-gauge mounting plates and attached to the table top. (Shown with optional wire management mouseholes.)

Footer Bar

Footer Bars provide added functionality with Standing Height Splayed Leg tables. Constructed of 13-gauge steel, they are 1.5" thick and are secured to each leg with machine screws.

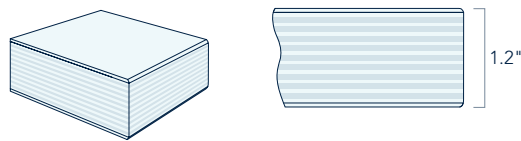

Adjustable Glides

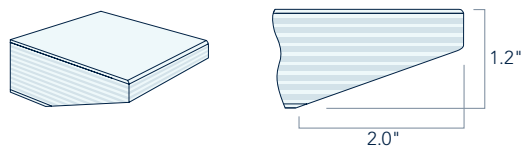

Journey Conference Table legs feature 2" diameter **adjustable glides** which are constructed of nylon and steel and provide for 1/2" adjustment range for leveling.

Optional Power/Data: M2XB

The default power unit is **M2XB** (overall size 8.3" × 8.0"), featuring dual-sided popup units with two power, one USB A+C charging and one open data on each side. Units are equipped with two 10' cords with straight plugs.

M2XB is available in 499B Silver w/Black trim, 300 Black and 699 White.

Other power modules are available—refer to the accessories section.

Power Placement

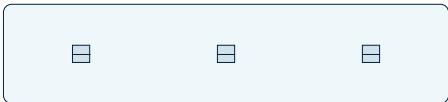

1 Unit per Table: Widths 36" to 96"

2 Units per Table: Widths 108" to 192"

3 Units per Table: Widths 204" to 240"

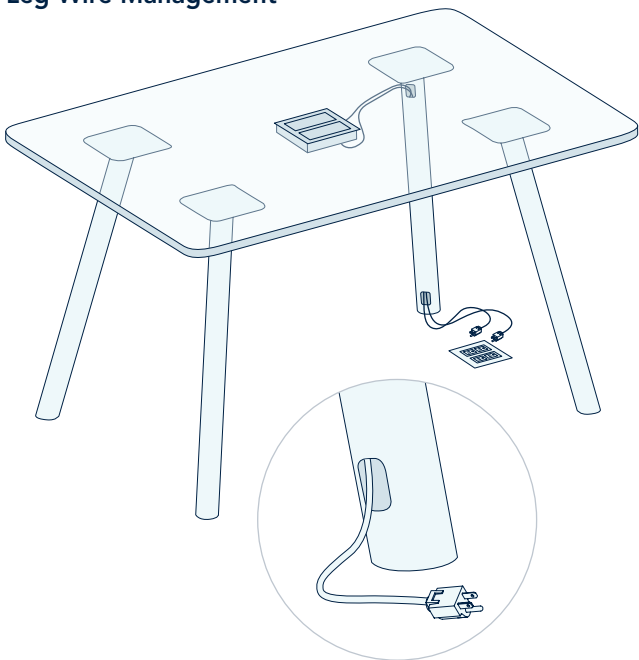

When power is selected, **placement** is as follows:

Widths of 36" to 96": One power/data unit centered and oriented parallel with the length of the table.

Widths of 108" to 192": Two power/data units centered within each table piece, evenly spaced, and oriented parallel to the length of the table.

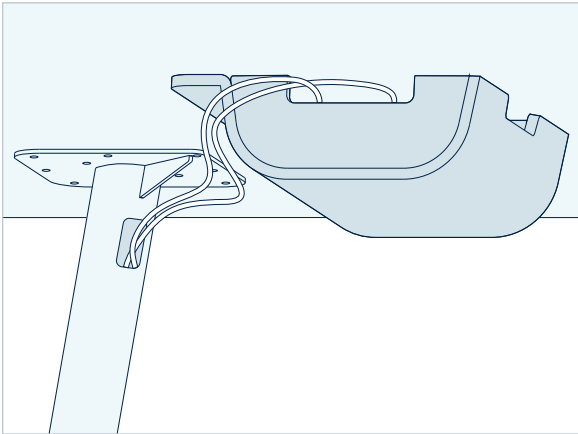

Widths of 204" to 240": Three power/data units centered within each table piece, evenly spaced, and oriented parallel to the length of the table.

Table Leg Wire Management

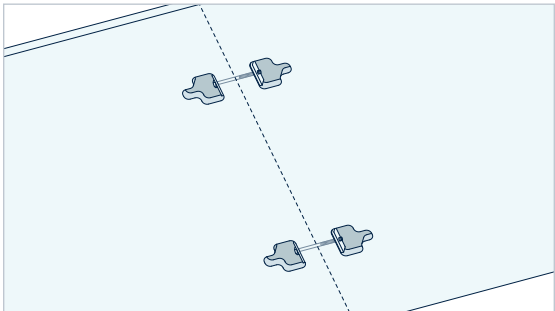

Cables and wires are routed through the leg. Tables come with the option to choose zero, one, or two legs with mouseholes at the top and bottom of the leg to provide cable management.

PET Power Shroud

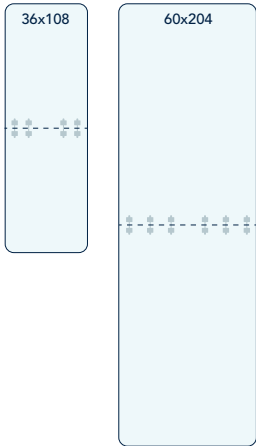

The **PET Power Shroud** is designed to contain wires and conceal the underside of the default M2XB power unit beneath the table. It measures 15.5" W × 12" D × 4.5" H and is made from recycled PET material. The shroud is an accessory to be field installed.

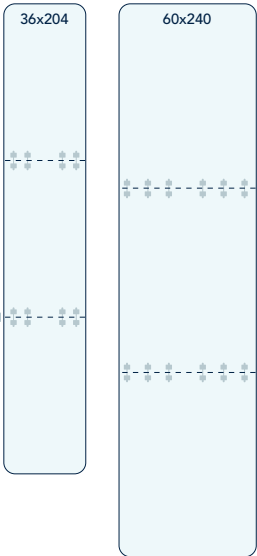

Field Joints

2-Piece Top

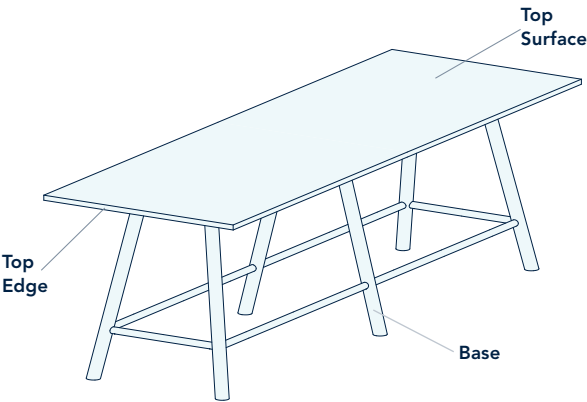

3-Piece Top

Journey Conference tables in rectangle or rounded rectangle, larger than 96" in width are manufactured in two or three pieces with field joints. Grains are expertly matched across the seams, however, a precise match cannot be guaranteed.

Cross-Grain Laminate

Cross-Grain positioned laminate is an option for conference tables, available when the aesthetic requires it and for multi-section tables where the field jointed seams run perpendicular to an aggressive laminate grain that is difficult to match. Laminate seams may be required, but are more easily hidden when aligned with the grain.

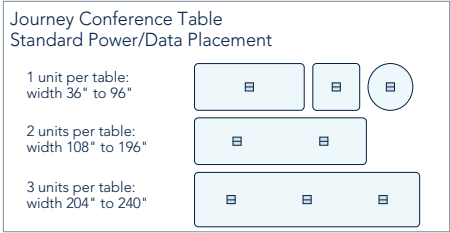

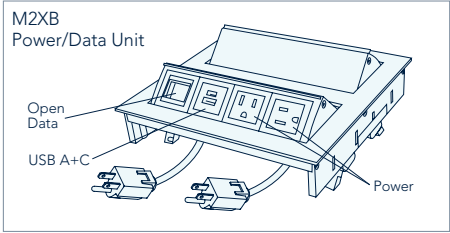

Cross-Grained Laminate quote required

Buffet & Credenza Customization

Upon request, Journey Buffets can be customized to accommodate a refrigerator, AV Rack, or slide-out recycling bin.

Door & Drawer Locks are available with all Journey Casegoods upon request.

Contact SurfaceWorks for more information.

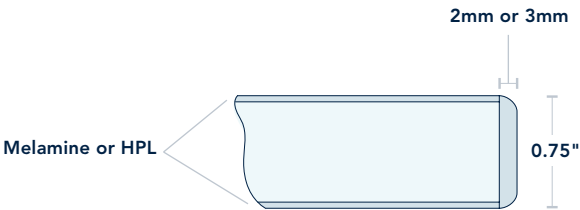

Base Construction

Journey Casegoods Bases consists of four 3" dia, 6" high 13-gauge powder coated steel legs. A fifth center leg is added to credenzas and 84W and 96W buffets.

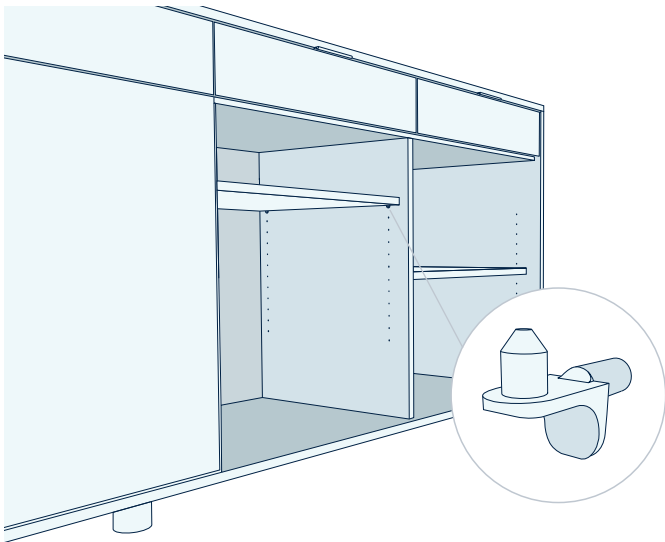

The legs are welded to 7-gauge mounting plates and attached to the bottom of the credenza or buffet.

Cabinet & Door Construction

- The Journey Casegoods cabinet cases are constructed with a 0.75" particle board double faced with thermally-fused melamine with 2mm or 3mm matching thick edgeband. High pressure laminate is optional with an upcharge.
- Door and Drawer Fronts consist of 0.75" particle board with high pressure laminate and matching thick edgeband.
 - Grain direction is vertical for both cases and fronts, and vertically-adjacent fronts are grain matched.
 - Cabinet backs are finished for space delineation use in an open plan.

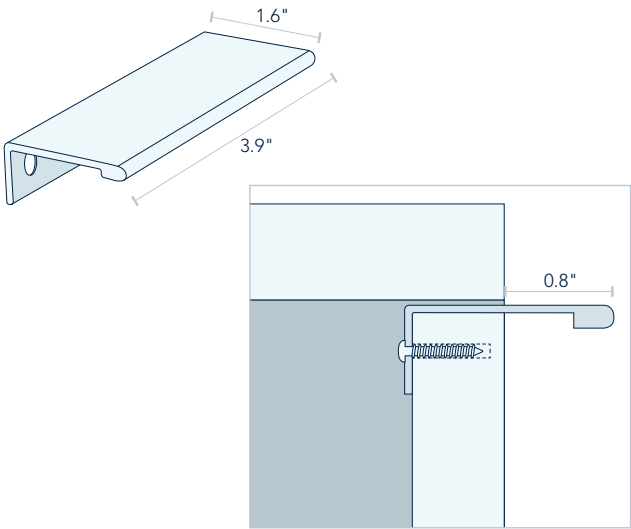

Adjustable Shelf Placement

Journey Credenzas and Buffets feature one adjustable shelf per door opening, which can be positioned using pre-drilled holes. Each shelf is secured with shelf-locking peg hardware to prevent movement or sliding.

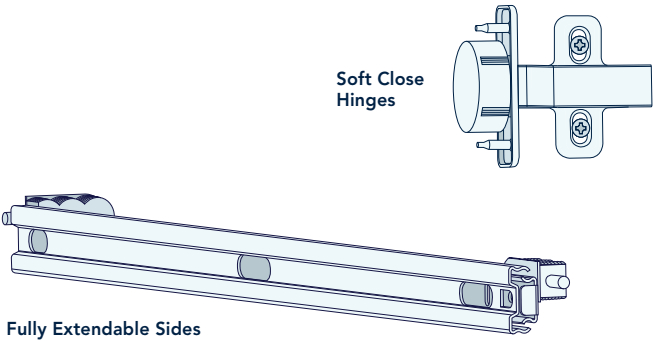

One adjustable cubby shelf is also included with style B70.

Door & Drawer Pulls

Journey Casegoods feature discrete Door and Drawer Pulls constructed with sleek powder coated aluminum, color matched to the legs.

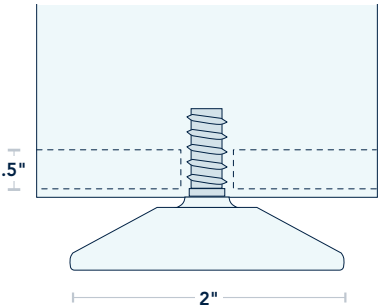

Door & Drawer Features, Drawer Dimensions

Journey Casegoods Doors feature soft close hinges and rubber bumpers for sound reduction.

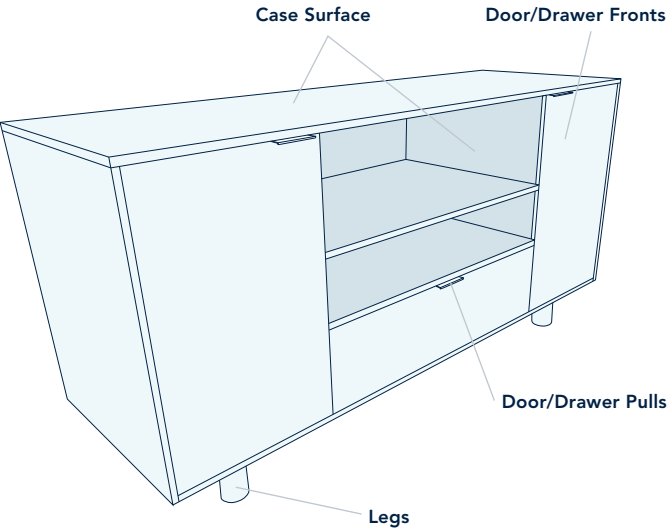

Journey Casegoods Drawers feature fully extendable slides for easy access and include rubber bumpers for sound reduction.

Adjustable Glides

Journey Casegoods legs feature 2" diameter adjustable glides which are constructed of nylon and steel and provide for 1/2" adjustment range for leveling.

Finish Selection

There are three Journey Casegoods elements that require finish selections; case surface, door/drawer fronts and legs.

Case surface color carries through to the interior and shelves. Drawer interiors will be white melamine.
