

 SURFACEWORKS®

RAPPORT®
COLLECTION

When you work, and—oh yeah—

Our Rapport™ Collection isn't just effortlessly harmonious with contrasting layers of finishes, it's comprehensive. And when we say comprehensive, we aren't kidding around.

From casual to formal, small to large, standing-height or seated, you'll easily find the perfect piece for any and every working style, space, and need. And when it comes to integrating technology, well, we've got solutions for that.

With over 30 finishes and seemingly endless size options to make your own, Jim Contois designed Rapport to feel beautifully balanced no matter the combination.

Sure, any furniture collection can be standardized, built uniformly for off-the-shelf spaces — but where's the fun in that?

do it in style, ease,
— VARIETY.

CONFERENCE & CREDENZAS

STORE

How would you like your credenza — wall mounted? As a buffet? Maybe with a finished back designed for displays? Rapport offers all of the above, with varying widths and heights to match its neighboring workplace furniture. Plus, adjustable shelves, soft-close hinges, and integrated wire passages. Who knew storage could have such variety?

A. RAPPORT WALL-MOUNT CREDENZA RPB.WC.1872, 16"D x 72"W x 18"H, Primary: 187 Sable Madera, Accent: 348 Designer White | **B. RAPPORT CONFERENCE X-BASE** RPC.SL.60.EB, 60" Squircle, Surface: Formica 3420 Dolce Vita, Edge: 300 Black, Leg: 438 Metallic Silver | **C. RAPPORT CONFERENCE T-BASE** RPC.R.48120.PK4, 48"W x 120"L Rectangle, Surface: Formica 9482 Marbled Cappuccino, Edge: 300 Black, Power/Data Trough, Trough: 300 Black, Leg: 438 Metallic Silver

GATHER

A Rapport Conference table — available in two base styles — is a boardroom centerpiece that's equally sensible as it is stunning. Power and technology can be seamlessly accessed and hidden inside a tabletop trough, while wires disappear behind easily-removable leg panels. Available in round, rectangular or any shape in between, these tables are worth gathering around.

MEETING & MEDIA

MEET

Think of these as mini-conference tables — same elegant style sans the boardroom. Rapport Accent tables are a smaller, sleeker version including the leg-paneled wire management. The Rapport Basic tables are one step simpler, ideal for casual meetings in cafés and common areas. And like all Rapport pieces, meeting tables come with options galore. Between widths, heights, shapes, and surfaces, you're likely to run out of meetings before designs.

A. RAPPORT WALL-MOUNT CREDENZA RPB.WC.1860, 16"D x 60"W x 18"H, Primary: 186 Ginger Madera, Accent: 348 Designer White | **B. RAPPORT ACCENT T-BASE** RPAM.R.3072.MT6, 30"W x 72"L Rectangle, Surface: 186 Ginger Madera, Edge: 087 Warm Walnut, Accent: 348 Designer White, Leg: 431 Metallic Silver | **C. RAPPORT MEDIA TABLE** RPMCM.B.487236.MT1, 48"W x 72"L Boat, Surface: Custom Digital Laminate, Primary: 300 Black, Accent: 348 Designer White, Power/Data Trough: 348 Designer White, Leg: 438 Metallic Silver

SHARE

For smaller meetups, the Rapport Media Table is ready for collaboration at any moment. Dress it up with a finished display-mounting wall and built-in storage or strip away the excess for a more minimalist look. Mix and match or change the table shape. And with an option to effortlessly plug in to power or hide it away, sharing just got a whole lot easier.

ISLAND & TRAINING

SOCIALIZE

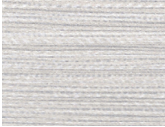

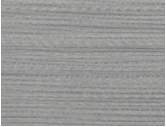

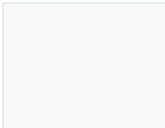

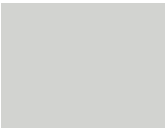

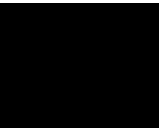

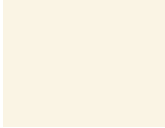

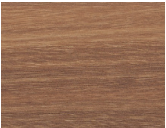

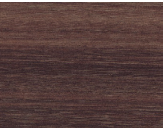

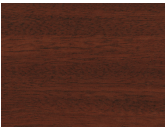

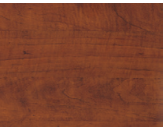

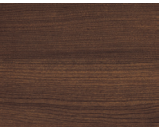

Perfect for solo or group work, relaxing or reading, chatting or dining, the Rapport Islands can be used for any number of reasons in any number of spaces. They're reinforced with steel beams built to withstand frequent use in areas like libraries, cafés, or student unions. And for those who need a charge while they socialize, power is just an easily-accessible plug away.

FINISHES

Below are just a handful of standard laminate finish options to get you started. And, we welcome customized finishes when you design your own. We have thousands of other options.

RAPPORT CASEGOOD / ISLAND COLOR PALETTE
