## Mingle™

An informal multi-purpose meeting area, Mingle™ features a conference table designed around video conferencing, collaboration and learning. It allows for two separate meeting styles, supporting a flat screen monitor on one side and a white board on the opposite side. The unique organic table shape is designed specifically for video conferencing and technology aided training. Limitless edge treatment offerings include profiles in urethane, vinyl and even bamboo. Mingle meets the needs of the collaborative, open office concept, while providing an exceptional design element for today's contemporary office.

*Easy access cabinet allows for quick wiring and hidden cables*

## Green Works™

All SurfaceWorks® tables are CARB compliant, and available in optional GreenWorks™ materials. Options include FSC® certified wood products, linoleum top surfaces, edges made from ABS, wood, bamboo or urethane, and NAUF (No Added Urea-Formaldehyde) substrate.

The "USGBC Member Logo" is a trademark owned by the U.S. Green Building Council and is used by permission.
