Vector™

Vector [vek-ter] – noun: A quantity possessing both magnitude and direction. The sleek and sophisticated lines of the Vector table suggest that your organization is headed in a well-defined and positive direction. *Shown above is the Vector table with a WF3 knife profile wood edge in Parlor Cherry finish. The cover features a Vector table with a T10 ribbed vinyl edge, and the lower right cover image features our Aero-Race Mesh Wire Manager.*

GreenWorks™

All SurfaceWorks® tables are CARB compliant, and available in optional GreenWorks™ materials. Options include FSC® certified wood products, linoleum top surfaces, edges made from ABS, wood, bamboo or urethane, and NAUF (No Added Urea-Formaldehyde) substrate.

The "USGBC Member Logo" is a trademark owned by the U.S. Green Building Council and is used by permission.
