Basic Meeting Table

Meetings don't always take place in a conference room. Rapoport Basic Meeting Tables are smaller in scale and ideal for casual meetings in cafés, coffee shops and common meeting spaces. 24", 30" & 36" rounds, squares and squircles are available in seated, pub and coffee table heights. Seated height rectangles are available in widths of 24", 30" & 36" and lengths from 30" to 84".

Rapoport was designed by Jim Contois.
