DAX™ TRAINING TABLES
CUT SHEET

OVERVIEW

Spoil meeting goers and educators forever with Dax. These training tables are made to move effortlessly. One moment they're nested tightly in a corner; the next, gliding effortlessly into whatever configuration one can dream up. With Dax, seating arrangements shift from "we'll make this work" to "what else can we do?" So, what will you do with Dax?

Key Technical Features

Casters: Two locking and two non-locking heavy-duty commercial casters.

Power: Perfectly pairs with Nacre.

Flipping Mechanism: Top flips easily with left and right release mechanisms. Locks in both open and closed position.

Additional Center Support: Maximizes table rigidity.

Leg Finish: Upper leg is 431 Metallic Silver powdercoat, Lower leg is 479 Polished Aluminum

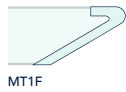

Edge Options

Dax is available in several edge materials including urethane, wood and edgeband. Below are just a few of the many user-edge profile options.

Straight-on Nesting

Dax tables nest straight-on, with each nested table adding just 4" to the overall depth. Optional Wire Mesh Modesty panels swing clear when nesting.

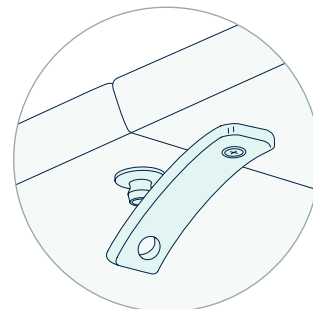

WM6 Slim Wire Raceway

Featuring an "invisible hinge", the optional WM6 Slim Wire Raceway firmly secures to the Dax leg with adhesive tape for effortless wire management.

IzzyFlex Flexible Table Connectors

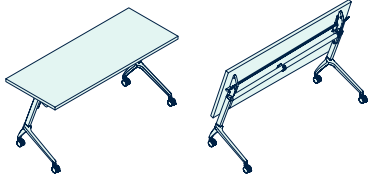

All Dax tables are pre-drilled for optional IzzyFlex Flexible Table Connectors, which come factory installed, or you can add them later as your table configuration needs evolve.
