PURTECH Y-SERIES EDGE MODELS:

Urethane edge profile is on the user side of the table, with thin, flat urethane continuing seamlessly on the remaining non-user sides. Primarily for training tables, Y-Series edge models allow for flush connections between tops when connected or placed side-by-side, and colors are not restricted as they are with F-Series models. Y-Series urethane edge models are available in 67 standard urethane colors, as well as all 13 izzy+ standard urethane colors. Custom color matching is available; please inquire.

PURTECH F-SERIES EDGE MODELS:

Urethane edge profile is on the user side only. Non-user sides consist of EB edgeband. Primarily for training tables and worksurfaces, this allows for flush connections between tops when connected or placed side-by-side. Standard colors for F-Series PurTech urethane edge models are restricted to those that are also available in EB edgeband, however you may specify a non-matching combination of colors. Custom urethane color matching is available; please inquire.
